Please call Member Services at 800-863-7515 or visit our web site at [www.SaintMarysHealthPlans.com](http://www.SaintMarysHealthPlans.com) to confirm a provider's participation.

# *How to Use Your HealthFirst HMO Provider Directory*

---

---

Welcome to Saint Mary's HealthFirst HMO. This provider directory has been designed as a quick reference guide to assist you in locating and accessing medical care through your Saint Mary's HealthFirst insurance.

The HealthFirst HMO is a locally owned and operated Health Maintenance Organization (HMO). When using an HMO, the Primary Care Physician (PCP) is responsible for providing, arranging and coordinating the medical needs for the member. During enrollment, each HMO member chooses a PCP (please see the following pages for specific information on selecting a PCP).

If you need assistance or have additional questions please contact member services at (800) 863-7515 or (775) 770-6060.

In addition to the alphabetical index at the back of this directory, the Table of Contents lists practitioners/providers by specialty.

By logging on to the Saint Mary's website at [www.saintmaryshealthplans.com](http://www.saintmaryshealthplans.com) you can obtain the most up-to-date information on your medical insurance and the practitioners/providers on the plan.

# PRIMARY CARE PHYSICIANS

---

---

## ***Choosing a Primary Care Physician (PCP) or Primary Care Clinic***

When enrolling in the HMO, you and each covered family member must choose a Saint Mary's Primary Care Physician (PCP). Your chosen PCP will then provide or coordinate all of your medical care. HealthFirst encourages you to develop a close patient physician relationship with your PCP. The coordination of your health care is a joint effort between you and your PCP.

Your PCP can be a General Practice, Family Practice, Internal Medicine or Pediatric Physician. If you know the PCP you would like to select, please verify that this physician is a participating HealthFirst practitioner accepting new patients. If you or your covered family members are already established with a PCP who is not accepting new patients you may still select that physician as your PCP with their approval. All providers/practitioners are referenced alphabetically by last name in the index of this directory.

## ***Choosing a Secondary PCP***

Female members may select an OB/GYN from this directory as a Secondary PCP for annual exams and female related health issues without a referral from your Primary PCP. Female members are encouraged to see their OB/GYN doctor annually for a well-woman exam. The nature of this exam may vary based upon the woman's age, family, and medical history.

## ***Getting Established with Your PCP***

Establishing a relationship with your chosen PCP prior to an illness will help assure that you can access care in a timely manner when needed. Please call the office of your chosen PCP as soon as possible to make an appointment to establish yourself as a patient and to get answers to any questions you may have about your physician, office hours, after hours care, and prescription refill information.

## ***Changing Your Primary or Secondary PCP***

If for any reason you wish to change your PCP contact our Member Services Department at 800-863-7515. Please remember the following guidelines:

- **To receive the best quality of care and to avoid any gaps in your treatment, we recommend that you do not change your PCP during a course of treatment or while you are pregnant or hospitalized.**
- **If your PCP retires or leaves the HealthFirst HMO network, we will notify you in writing and give you the opportunity to choose a new PCP.**

***If you need help choosing a Primary Care Physician, please call Member Services, Monday through Friday, 8:00 a.m. to 5:00 p.m. at (800) 863-7515 or (775) 770-6060.***

# Saint Mary's Health Plans Centers of Excellence (COE)

## SMHP Centers of Excellence Program At-a-Glance

- Members are required to use Centers of Excellence facilities associated with specific medical conditions or surgical procedures.
- Travel benefits of up to \$3,000 per treatment may be available when using a COE facility.
- Use of a non-COE facility for designated conditions will result in benefits being paid at the out-of-network level and a much higher member expense.
- Standard prior authorization requirements still apply.

A Center of Excellence (COE) is a health care facility or provider that meets Saint Mary's Health Plans' (SMHP) high standards for quality and value including demonstrated positive patient outcomes, cost-efficient health care delivery and compliance with rigorous quality control metrics. Additionally, SMHP has established relationships with COEs which works to assure a continuum of care throughout the patient's treatment cycle.

SMHP members not only benefit from the high quality of care received at these facilities, but may be eligible for travel benefits to use during their course of treatment (see Travel Policy below).

The Centers of Excellence program was created to offer a continuum of care for patients with complex health care needs. Through a collaborative approach, the SMHP Medical Management team works with a Health Plan member's provider to determine the most effective, safe and affordable care at a Center of Excellence for complex conditions.

Once a complex or specialized procedure has been designated as such, the member must receive care from a designated Center of Excellence in order to be covered in-network. Non-COE facilities may be permitted as an in-network facility, for selected complex procedures, only if significant improvements in quality of care will be obtained from the alternate facility.

### **Centers of Excellence Medical Categories**

**Bariatric Surgery** – COE participating Bariatric surgery facilities meet SMHP quality measures of clinical performance, access and efficiency for Bariatric surgery. The chosen facilities for Bariatric surgery (weight loss surgery) have consistently shown excellent outcomes, lower complication rates and lower mortality rates. SMHP promotes a continuum of care with these facilities which promote the pre-surgical work required of members who receive Bariatric surgery. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno).*

**Complex Cardiac Care** – COE participating complex cardiac care facilities meet SMHP quality measures of clinical performance, access and efficiency for cardiac care, and include comprehensive heart and vascular treatment for both inpatient and outpatient procedures. An SMHP Nurse Case Manager works with the member, the member's physician and the COE to promote the continuum of care and enhance the patient experience. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno), University of Utah Medical Center (Salt Lake City).*

**Complex Cancer Care** – COE participating complex and rare cancer facilities meet SMHP quality measures of clinical performance, access and efficiency for cancer care. These cancer centers can provide both inpatient and outpatient procedures. An SMHP Nurse Case Manager will work with the member and the member's physician to ensure the member is being treated by specialists and at a facility that are both experienced with the member-diagnosed form of cancer. *Participating SMHP Centers of Excellence include: Huntsman Cancer Institute (Salt Lake City), University of Utah Medical Center (Salt Lake City).*

**Complex Orthopedic Conditions** – COE participating complex orthopedic care facilities meet SMHP quality measures of clinical performance, access and efficiency for orthopedic care and can provide both inpatient and outpatient procedures. Additionally, by incorporating the Centers of Excellence program into member treatment for certain orthopedic conditions, a significantly reduced cost of care is passed along to the member. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno), University of Utah Medical Center (Salt Lake City).*

**Complex Pediatric Conditions** – COE participating complex pediatric care facilities meet SMHP quality measures of clinical performance, access and efficiency for pediatric care and can provide both inpatient and outpatient procedures. Pediatric Care may include complex cancer, complex surgical procedures and orthopedic procedures. The Centers of Excellence program directs child health care to a facility that specializes in certain conditions at an age appropriate level. *Participating SMHP Centers of Excellence include: Intermountain Healthcare – Primary Children's Medical Center (Salt Lake City on the University of Utah Medical Center campus).*

**Organ or Tissue Transplants:** Transplant Hospitals that have met extensive quality, as well as cost effectiveness criteria have been selected by Saint Mary's Health Plans to participate in its COE program. *Participating SMHP Centers of Excellence include: National Tethys Transplant Network, which includes the University of Utah Medical Center (Salt Lake City).*

**Not all complex or specialized procedures within the COE categories require the use of a COE. The use of a COE is directed through the medical management prior authorization process.**

#### **SMHP Member Travel Policy**

To support SMHP members and/or their support person or family members who fully utilize care at COE facilities in Utah, a \$3,000 member travel allowance (related to a single episode of care) is offered. This travel benefit applies only to expenses incurred related to COE evaluation and/or treatment. All trips and means of transportation must be approved by a SMHP case manager prior to commencing the trip.

The allowance will reimburse living expenses (see below) up to a daily maximum of \$200 per day with a trip maximum (related to a single episode of care) of \$2,000. In addition, travel expenses (see below) will be paid up to \$1,000 per trip (related to a single episode of care). The \$2,000 living expenses and \$1,000 for travel total the \$3,000 per single episode of care.

#### **Covered Travel Expenses include:**

- Airfare for patient and one support person (primary caregiver) or both parents if patient is a dependent.
- Rental car and mileage allowance for mileage recorded on the rental car receipt.
- Mileage to and from the COE facility if a member is driving/being driven from home.

#### **Covered Living Expenses include:**

- Lodging expenses.
- Meals for the patient and support person/caregiver or parents.
