

Technical Assistance Guidance

TAG-11-2016

Issued Date: Tuesday, September 20, 2016

Subject: Workforce Connections – Policy Implementation
Operating guidance set forth by the enactment of the Workforce Innovation and Opportunity Act (WIOA) and its associated regulations.
Affiliate Sites – Policy – Designation and/or Certification

Purpose

To announce the implementation of recently adopted policy by Workforce Connections Admin-**010-11 “Affiliate Sites”** and to provide sub-recipients with a helpful tool to improve quality of service, effective management practices and ensure compliance with Federal, State and local regulations.

Background

WIOA reinforces the partnerships and strategies necessary for one-stops to provide jobseekers and workers with high-quality career services, education and training, and supportive services needed to attain and maintain employment, and to help businesses find skilled workers and access other supports, including education and training for their current workforce.

The ultimate goal is to increase the long-term employment outcomes for individuals seeking employment services, especially those with significant barriers to employment, and to improve services to employers.

WIOA and its associated regulations require that programs and providers collocate, coordinate, and integrate activities and information, so that the system as a whole is cohesive and accessible for individuals and businesses alike.
