WORKFORCE CONNECTIONS’
FOUR-YEAR LOCAL PLAN
FOR
SOUTHERN NEVADA’S WORKFORCE DEVELOPMENT AREA
EFFECTIVE JULY 1, 2016 – JUNE 30, 2020
OUTLINE OF FOUR-YEAR LOCAL PLAN

I. EXECUTIVE SUMMARY

II. PLAN CONTENT

1. Strategic Planning Elements including Targeting Special Populations
2. Local Area Workforce Development System
3. Core Program Partners
4. Business-Driven Services
5. Economic Development Alignment
6. Continuous Improvement, Access and Compliance with the Americans with Disabilities Act (ADA)
7. Adult & Dislocated Worker Services
8. Coordination of Statewide Rapid Response Activities
9. Youth Services
10. Coordination of Secondary and Post-Secondary Education Programs
11. Provision of Transportation and Other Supportive Services
12. Coordination of Wagner-Peyser Services WIOA Title III
13. Coordination of Adult Education and Literacy Services WIOA Title II
14. Coordination of Vocational Rehabilitation Services WIOA Title IV
15. Designation of Southern Nevada’s Local Workforce Development Board
16. Competitive Process for Award of WIOA Title I contracts
17. Local Levels of Performance
18. Actions to Remain a High-Performance Board
19. Training Services
20. Process for Public Comment into the Development of the Four-Year Local Plan
21. Transition to an Integrated Management Information System

ATTACHMENT A – Assurances Checklist
ATTACHMENT B – State-Required Certification
ATTACHMENT C – Public Comment
ATTACHMENT D – Designation Letter from the Governor
ATTACHMENT E – Workforce Connections Strategic Work Plan Goals Matrix
ATTACHMENT F – Draft Memorandum of Understanding
ATTACHMENT G – Draft Resource Sharing Agreement
I. EXECUTIVE SUMMARY

This four-year local plan reflects Workforce Connections’ (WC) goals and strategies to comply with the requirements of the Workforce Innovation and Opportunity Act (WIOA). It aligns WC’s resources with the goals of the Governor’s Workforce Development Board in alignment with the Governor’s vision for a “New Nevada”. This plan ensures alignment of education, career training and workforce development services to achieve targeted objectives. WC’s vision of integrating the local area workforce development system in support of Nevada’s key industry sectors is highlighted throughout this document. This proposed four-year local plan covers the period of July 1, 2016 through June 30, 2020.

This plan contains all elements requested by the State in the memorandum dated March 21, 2016, including:

A. A vision for the local area workforce development system

B. Goals, objectives and strategies to increase skill levels, employment, earnings, customer satisfaction and return on workforce development investments

C. A blueprint to utilize the area’s strategic workforce assets to meet the requirements of the changing economy

D. A planning process, managed by the local boards, that ensures meaningful opportunities for business, labor, local chief elected officials, program operators, Nevada JobConnect, partner agencies, and others, to communicate their needs. This plan offers perspectives and expertise that allows sub recipients to participate in the process. The review and comment process for developing the local workforce plan is transparent and dynamic and allows interested parties to comment as the plan is developed
E. A plan that is focused on the unique needs and resources of the local area and is consistent with the Nevada 2016-2020 Unified State Plan submitted to the U.S. Department of Labor (DOL) on March 3, 2016

F. Goals, objectives and strategies that:

- Represent the priorities of the Local Board and its partners
- Reflect stakeholder input
- Offer guidance and proposes approaches that benefit customers of the workforce development system (employers, job seekers, workers, students and out-of-school youth)
- Are supported by current and specific economic and demographic data and needs assessment
- Take into account existing workforce development programs and services
- Are demonstrated by program performance

G. The local area’s WIOA Title I operational plans

H. Assurances checklist documenting WIOA compliance
II. PLAN CONTENT

1. Description of the strategic planning elements consisting of:

   A. An analysis of the regional economic conditions including:

   The Southern Nevada Workforce Development Area (SNWDA) consists of the following counties and municipalities:
   - Clark County
   - Esmeralda County
   - Lincoln County
   - Nye County
   - Boulder City
   - Henderson
   - Las Vegas
   - North Las Vegas

   Based on 2014 American Community Survey five-year estimates, the area is characterized by a high density population in the Las Vegas-Paradise Metropolitan Statistical Area (MSA). Clark County is surrounded by three sparsely populated rural counties: Lincoln, Esmeralda and Nye. The SNWDA’s population is 2.05 Million (M) people. Of the 2.05M people, 1.3M are between the ages of 16 and 64 years of age. Roughly 49.5 percent of the population is female and 50.5 percent is male. Looking at the racial/ethnic breakdown of the State, it is noted that White Nevadans make up 65.5 percent of the population, followed by Hispanic/Latinos at 29.4 percent and Black/African Americans at 10.5 percent. The largest age category is the 35 to 54 years age group at 27.4 percent of the population, followed by the 15 and under age group at 26.2 percent. Other age groups are fairly evenly distributed with 11.7 percent ages 19 to 24, with 14.5 percent ages 25 to 34, 11.1 percent ages 55 to 64, and 9.1 percent ages 65 and over. Additionally, 2.4 percent of the population lives in the outlying rural counties.

   Leisure and hospitality is the largest employment sector in the SNWDA economy. In nominal terms, leisure and hospitality has grown by 3,700 jobs in 2015, growing at an annual average rate of 1.3 percent annually according to the current employment statistics program. The leisure and hospitality sector relies on disposable income spending from residents and visitors, which can be considered a barometer of the overall health of the national economy and consumer confidence. Employment growth in 2015, indicated that Nevada and the national economic conditions continue to recover. In fact, leisure and hospitality employment in the SNWDA surpassed its 2007 pre-recession peak by 9,200 jobs in 2014. Trade, transportation and utilities industries and occupations have also experienced significant growth. As the State’s second largest employer, this sector expanded the
workforce by 6,500 positions in 2015, relative to 2014, which equated to a growth rate of 4.0 percent.

Education and health service industries and occupations have experienced significant growth. As the State’s third largest employer, this sector expanded the workforce by 4,900 positions in 2015, relative to 2014, which equated to a growth rate of 5.9 percent.

The professional and business services industry gained an additional 8,200 jobs in 2015, which equated to a growth rate of 7.0 percent. This sector includes professional, scientific and technical services, company management, and administration and waste management services subsectors.

Construction industries and occupations have also experienced significant growth. This sector expanded the workforce by 5,500 positions in 2015, relative to 2014, which equated to a growth rate of 12.1 percent.

Additional insight can be gained by looking at the industry structure via the Quarterly Census of Employment and Wages (QCEW) program results. The QCEW measure is more accurate than the current employment statistics program, but less timely. The table below shows the current industry structure as defined by the QCEW program as of the third quarter of 2015. The table below illustrates the fastest growing sectors and the largest employers in the SNWDA.

</table>
The SNWDA continued on a path of improvement through 2015, with year-over-year job growth of 33,100 jobs relative to 2014, leading to a growth rate of 3.7 percent. Overall, the area labor market has stayed in a period of expansion with growth in employment and a reduction in unemployment; however, the rate of the decreases in unemployment may be slowing due to an increase in the number of individuals in the overall labor force.

The SNWDA non-farm payrolls increased by approximately 33,100 jobs over-the-year in 2015, averaging around 2,800 new jobs added per month. Private payrolls accounted for approximately 31,300 of these jobs in 2015, averaging about 2,600 of the total jobs added per month. Government sector employment also expanded, adding about 1,800 total new jobs over the year.

As more jobs are added to the SNWDA’s economy, the unemployment rate is expected to decrease. In December 2015, Nevada was among the highest unemployment rates in the nation, along with Alaska, New Mexico and the District of Columbia. Relative to December 2014, the area unemployment rate dropped 0.8 percentage points in December 2015, to 6.2 percent. This was the 70th consecutive month in which the unemployment rate has declined on a year-over-year basis.

From a statewide perspective, Nevada’s labor force participation rate started trending upward in the first half of 2015. The labor force participation rate for December 2015 averaged 63.2 percent. Recent rates are some of the lowest participation rates Nevada has experienced since modern tracking of the data series began in 1976. The recent change in direction in the participation rate is encouraging and shows the increasing health of Nevada’s economy. Many factors could have contributed to the decline in labor force participation ranging from planned retirement of the baby boom generation to the expiration of extended unemployment compensation. One primary factor was likely a lack of employment opportunities during the recession. The recent increase in the rate signals a growing confidence in the labor market and an individual’s ability to locate work.

Another measure of labor market conditions can be found by the examination of statewide initial unemployment insurance claims. Over the period 2001 through 2008, initial claims averaged 14,300 a year. In 2015, initial claims averaged 12,900, which is 1,700 claims below the initial claims for 2014. Significant progress has been made in 2015, as this average is trending below the seven-year average from earlier in the millennium. Since 2009, initial jobless claims have been declining towards the long-term trend. To illustrate this, claims fell nearly 19 percent in 2010 relative to 2011, and have continued decreasing, albeit at a decreasing rate. Leading economic indicators are varied, but support the view of continued strengthening of Nevada’s economy. Data through November 2015 demonstrated that year-to-date gaming wins were up just over $6 million dollars, or 0.6 percent. Statewide, taxable
sales data for October 2015 indicated an increase of 6.0 percent over the year. Nevada’s average weekly wage across all industries was $854, as of the second quarter of 2015 QCEW results.

To summarize, the SNWDA’s economy is in the fifth year of its recovery. Private sector employment has shown steady growth, while government levels have also increased, but at a slower pace. Given the recent increases in taxable sales, it is likely that government job growth may start to increase on the state and local levels. The unemployment rate has decreased through continued job growth, although a growing labor force has moderated the pace of decline. Thus, initial claims for unemployment insurance continues to trend down, and the SNWDA’s economy continues to improve at a slow and steady pace.

Las Vegas continues to lead the State in taxable sales growth, as well as in visitor volume with positive domestic and international visitor growth. Las Vegas’ visitor volume has increased nearly 4.0 percent year-to-date through November 2015, compared to the previous year. If recent trends continue, Las Vegas is on pace to receive over 40 million visitors in 2015. Nevada’s total gross domestic product, a measure of the State’s output, has increased for the last five consecutive years (2009-2014), having demonstrated a 3.2 percent growth rate in 2014.

i. Existing and emerging in-demand industry sectors and occupations; and the employment needs of employers in those industry sectors and occupations;

Nine key industry sectors have been identified by the Governor:

- Aerospace & Defense
- Agriculture
- Clean Energy
- Healthcare & Medical Services
- Information Technology
- Logistics & Operations
- Manufacturing
- Mining & Materials
- Tourism, Gaming & Entertainment
Below are the most recent in-demand industries and occupations that were identified by Nevada’s Department of Employment Training & Rehabilitation’s (DETR) Research and Analysis Bureau, based on the average wage and ranked by annual job openings.

- Specialty trade contractors
- Professional, scientific and technical services
- Ambulatory health care services
- Electrical equipment, appliance and component manufacturing
- Educational services

Listed below are the in-demand occupations:

- Carpenters
- General and operations managers
- Registered nurses
- First-line supervisors and managers of construction trades and extraction work
- Maintenance and repair workers (general)
- Electricians
- Truck drivers, heavy and tractor-trailer
- Painters, construction and maintenance
- Construction managers
- Accountants and auditors

Some of the industry sector councils encompass more than one industry sector. The following emerging in-demand occupations for Nevada were identified by the industry sector councils and verified by DETR’s Research and Analysis Bureau. The data used for analysis was gathered from Economic Modeling Specialists International, NJCOS and GOED. Listed below are the occupations listed by industry sector council:

- **Aerospace and Defense:** Aviation maintenance technician and machinist training program.
- **Health Care and Medical Services:** Registered nurses, home health aides, nursing aides, orderlies and attendants, medical assistants, medical secretaries, licensed practical and vocational nurses.
- **Information Technology:** Software developers, cyber security/IA professionals, network/systems administrators, healthcare IT technicians, and database administrators.
• Manufacturing and Logistics:
  o Manufacturing: Machinists and metal workers, welders, cutters, solderers and brazers, team assemblers, first-line production supervisors, general and operations managers, helpers and production workers.
  o Logistics and Operations: Laborers and freight, stock and material movers, office clerks, customer service representatives, stock clerks, order fillers, general and operations managers, bookkeeping, accounting and auditing clerks.

• Mining and Materials: Equipment operators, diesel mechanics, underground miners, electrician/instrumentation technicians, process operators, fixed maintenance mechanics, and lab technicians.

• Natural Resources
  o Agriculture: Farmworkers and laborers, crop nursery, plant science, greenhouse workers, food, and batchmakers.
  o Clean Energy: Occupational Safety and Health Administration (OSHA) solar panel installers, certified energy managers, Building Performance Institute (BPI) energy auditors, BPI building envelope professionals, Leadership in Energy and Environmental Design (LEED) certification professionals, and Western Electricity Coordinating Council certifications.
  o Water Technologies: This is a potentially emerging new industry sector that is yet to be more clearly defined. As such, the State anticipates surveying business representatives to identify the top demand/emerging occupations within this occupation. The findings will be updated in next year’s State plan.

• Tourism, Gaming and Entertainment: First-line supervisors of food preparation, servers, audio and video equipment technicians, fitness trainers, chefs, meeting and convention planners, massage therapists, accountants and auditors.

ii. The employment needs of employers in those industry sectors and occupations;

The majority of the SNWDA’s super sectors are projected to continue growing based on the two-year industry employment projections for 2015-2017:

• Leisure and hospitality is expected to grow at a 5.5 percent rate adding 31,800 to payrolls, which is more than any other super sector.
• Trade, transportation and utilities are expected to grow at a 4.1 percent rate and add 14,000 jobs.
• Education and health services are expected to grow at a 4.4 percent rate, and are expected to add 12,200 jobs.
• Professional and business services are expected to grow at a 3.8 percent rate and add 9,600 jobs.
• Construction is projected to grow at the highest rate of 8.0 percent and add 8,000 to payrolls across the period.

Growth of the SNWDA’s super sectors is reflected in its largest occupations:
• Food and beverage serving workers, which are expected to add 7,800 jobs to payrolls, a growth rate of 6.1 percent.
• Retail sales workers are expected to add 6,000 jobs to payrolls at a 4.5 percent growth rate.
• Building cleaning and pest control workers are expected to grow at a 4.6 percent rate and will add 3,300 jobs to payrolls.

Other notable occupations in terms of projected growth are:
• Construction trades workers, with a 6.5 percent growth rate, are expected to add 3,300 jobs to payrolls.
• Cooks and food prep workers are expected to add 3,000 jobs to payrolls at a 6.0 percent growth rate.
• Information and record clerks are expected to add 2,400 jobs to payrolls at a 3.5 percent growth rate.

The above-referenced occupations are additional examples of in-demand occupational groups, but do not necessarily show up on the official list for in-demand industries and occupations due to a difference in how official demand is defined in Nevada. The industries and occupations listed above may not meet the above-average wage requirement in place for our top in-demand occupations list, but continue to constitute an important part of the SNWDA’s economy.

B. An analysis of the knowledge and skills needed to meet the employment needs of the employers in the region, including employment needs in in-demand industry sectors and occupations;

When assessing the skills in the workforce, many SNWDA employers indicated that the skills most deficient in the workforce are soft skills. These skills include demonstrations such as employees showing up to work on time, working efficiently and getting along with coworkers. It was further noted that many individuals also lack basic office computer skills. Industries such as mining, leisure and hospitality, and agriculture indicated that soft skills are the only essential skills required. On-the-job training will provide the additional necessary skills. Specific to the health and education sectors, the need for additional teaching certificates and nursing degrees was noted. Currently, the top requested skills for the SNWDA’s in-demand occupations are: critical
thinking, monitoring, judgment and decision making, speaking, active listening, coordination, reading comprehension, time management, complex problem solving, active learning, writing, social perceptiveness, service orientation, persuasion, and instruction. However, a recent report from the National Science Board (NSB-2015-10) argues that due to increasingly technical and automated job market demands, the need for Science, Technology, Engineering and Math (STEM) skills have permeated all corners of the nation’s economy. Thus, the significance of STEM knowledge and skills on national economic competitiveness is critical to the development of the SNWDA’s future workforce (U.S. News & World Report, 2015). Additionally, humanities skills are increasingly important to the area’s workforce development. Proficiencies such as writing efficiencies, communication, listening skills (both active and passive), articulation, thinking, creativity, organization, project and time management, and networking/teambuilding skills are requisite for workforce development.

Further, qualitative data indicates employers also struggle with the following:
- Finding sufficient numbers of qualified candidates
- Pre-screening large numbers of candidates
- Managing hiring processes
- On-the-job training after successful candidates have been identified

C. An analysis of the workforce in the region, including current labor force employment (and unemployment) data, and information on labor market trends, and the educational and skill levels of the workforce in the region, including individuals with barriers to employment;

As of December 2015, the SNWDA’s current level of employment has reached 998,000. Employment in the SNWDA has grown by over 31,000 jobs since 2014. When compared to 2010, the SNWDA is on track to have added close to 124,000 new jobs in the five year period just ending. Employment is continuing to trend higher, although recent employment estimates indicate that the rate of growth may be slowing. This growth has been seen across all counties and industries within the SNWDA.

The annual unemployment rate has decreased to 6.9 percent year-to-date December, 2015, down from 7.8 percent a year ago. Similar to employment, the rate of improvement in the unemployment rate has recently slowed. One of the primary reasons for this decline is a surge in the labor force. When individuals reenter the labor force while looking for a job, they place upward pressure on the unemployment rate, even as more jobs are being added to the economy and fewer people are applying for unemployment insurance benefits. This increase in the labor force is a good indication that individuals are feeling
more confident in their abilities to locate employment. The available labor force seeking employment has grown by over 23,000 in 2015.

The SNWDA was negatively affected during the recession, mostly due to above average levels of employment in the construction industry and the area’s reliance on tourism and gaming. Both of these sectors were extremely hard-hit by the economic downturn. The area’s initial recovery lagged the national economy, but the economic situation is improving. For instance, private sector job growth in the SNWDA during 2015, at 3.7 percent, was among the strongest in the nation.

In this forecast, WC predicts that employment will surpass the peak levels achieved in 2007; set to occur in mid-2016. To put this in perspective, the area lost about 124,500 jobs from peak to trough. In 2011, the SNWDA economy created 4,800 jobs, equating to a 0.6 percent increase. In 2012, employment grew 2.1 percent, or 16,800 jobs. Job gains have continued into 2016 and stand at 1.0 percent (i.e., 8,100 jobs) below the peak. Job gains are predicted to be 41,300 for 2016 and 43,000 for 2017, which will bring the total job count over the one million mark to 1.03M.

The SNWDA experienced a rapid construction boom that was fueled by strong population and employment growth in the two decades leading up to the recession, but also by easy credit and speculation. The housing crisis left the area in a deep hole in terms of jobs. Construction employment plummeted for almost six straight years, bottoming out in 2012 with the loss of over 71,200 jobs. The pronounced losses in construction employment were, in large part, an adjustment from the exceptionally high levels prior to the start of the recession. Construction activity turned positive again after the 2012 trough, and has been trending upwards since. In southern Nevada, construction on the Las Vegas strip is rebounding with the Genting Group® project on the former Stardust/Echelon site, the new MGM Resorts arena and the announcement of the Wynn Resorts Paradise Park Las Vegas. In 2015, the SNWDA added 2,400 construction jobs, with an additional 4,000 jobs per year projected for 2016 and 2017.

Manufacturing slumped in the deep recession as households and businesses cut back spending, creating lower demand for factory goods at home and abroad. Employment in this sector decreased dramatically during the recession, losing 7,600 jobs from peak to through recession period, and has been slow to recover. A noteworthy project in this industry is Faraday Future’s® electric car manufacturing plant. This factory is expected to add 50 jobs in 2015, 250 jobs
in 2016, and an additional 700 jobs in 2017. The total projected jobs associated with this project added by 2025 are estimated at 4,500.

The SNWDA is heavily dependent on tourism, conventions and gaming, which in turn feeds the trade, transportation and utilities industry. The industry relies on consumer spending and disposable income. The latter two are a reflection of the relative strength of the economy; therefore, it is no surprise that consumption plummeted during the recession. The SNWDA’s economy had a rash of retail store closings and vacant retail space when the recession hit. As the recession unfolded, industry employment fell by 13,800 from its peak employment of 161,100 in 2007, to 147,300 in 2010. Since then, retail employment has been in recovery.

Improved household balance sheets are facilitating pent-up demand. As job growth accelerates, consumers will gain more confidence. The trade, transportation and utilities sector in the area will benefit from the construction developments on and around the Las Vegas Strip as many of them include retail space. Current projections are for 6,800 jobs in 2016 and 7,100 jobs in 2017.

Demographics are the main driver of the growth in the number of jobs in the health care and social assistance sectors. Employment in the individual and family services industries, which provides a variety of social assistance to children, elderly people, people with disabilities, and others, is projected to increase as well. Projections indicate an additional 6,000 jobs in 2016, and 6,300 jobs in 2017.

The hospitality and food service industry has the largest share of employment in the SNWDA, accounting for about a quarter of all jobs in the area. Most hospitality and food services jobs are concentrated in the Las Vegas area. The fact that the Las Vegas economy is dependent on tourism and has a consumption-based economy makes it very susceptible to the national economy’s ups and downs. Thus, the success of the industry depends on people having disposable income to spend.

Construction developments on and around the Las Vegas strip will have a significant impact on the accommodation and food services sector employment. The forecast estimates 14,900 additional jobs in 2016. The SNWDA anticipates additional gains of 15,700 jobs in 2017.

According to the American Community Survey on Educational Attainment’s five-year estimates (2010-2014), roughly 58 percent of the SNWDA’s population (civilian labor force, age 25-64) possessed more than a high school
diploma, 29 percent possessed a high school diploma, and roughly 15 percent of the population had an education of less than a high school diploma.

When comparing educational attainment to current occupational staffing patterns, the SNWDA’s current workforce indicates a nearly 10 percent shortfall in advanced degrees holders. Interestingly, the data indicates that 21 percent of the workforce, primarily those with some college but less than a bachelor’s degree, may be working in occupations that require less formal education than they possess. It is important to note that although there seems to be an excess of education according to the chart, there appears to be a strong correlation between educational level and maintaining employment as indicated by the unemployment rates. The unemployment rate for individuals with a bachelor’s degree or higher was 6.0 percent compared to 15.1 percent for an individual with less than a high school diploma.

</table>

When examining the make-up of the SNWDA’s population, it is noted that a significant portion of the population meets the requirements for priority of service (e.g. veterans, people with disabilities, low income, and English language learners). Based on the 2014 American Community Survey five-year estimates, 11.8 percent of individuals have disabilities. Within the labor force,
only 6.2 percent are disabled, for which the unemployment rate is almost 20 percent. Also, nearly 175,000 or 14.2 percent of people between the ages of 20 and 64 have incomes beneath the poverty line. The veteran population is 10.3 percent of which 16.8 percent are disabled. English language learners make up a significant portion of the population at 33 percent, of which 42 percent speak English “less than very well” as categorized in the American Community Survey.

Gaps between current and future skill demands have not yet been projected, but several high level observations can be noted:

- Jobseekers often lack soft skills needed for successful employment
- Based on target population for priority of service, jobseekers may not have adequate skills (e.g. critical thinking, monitoring, judgment and decision making, etc.)
- Jobseekers often lack the necessary STEM skills required in today’s job market
- Employers often struggle with recruitment and placement
- Costs associated with new employees (e.g. training) often prevent business expansion

D. An analysis of the workforce development activities (including education and training) in the region, including an analysis of the strengths and weaknesses of such services, and the capacity to provide such services, to address the identified education and skill needs of the workforce and the employment needs of the employers in the region;

After consultation and collaboration with stakeholders, a general consensus was formed that the current workforce system is structured to:

- Connect Southern Nevadans to jobs and supportive services
- Support business retention, expansion and employer services
- Improve integration of education and workforce data to produce high-quality relevant labor market information
- Produce education and training opportunities that prepare Southern Nevadans for self-sustaining jobs and careers
- Provide skill upgrades for incumbent workers

From these discussions the following strengths and weaknesses face Southern Nevada’s current workforce development activities.

Strengths include the following:

- The coordination with the State as a result of the establishment of two local workforce development boards
- Access to public officials, governing bodies and other stakeholders
- Geographic expansion throughout the designated Workforce Development Area
- Consideration of diverse stakeholder perspectives
- Concerted efforts directed upon specialized populations
- A quality-focused service delivery system

**Weaknesses include the following:**
- Limited resources and funding to adequately serve the potentially eligible population
- Room for improvement of coordination of resources and services
- Lack of integrated employment and training management information systems
- Minimal community awareness of available programs and services
- Quality deficiencies of workforce practitioners within the system
- Lack of colocation of core programs (Titles I-IV)
- Administrative redundancies of sub-recipient work

WC oversees approximately $17.8 million of Title I-B funding to serve the SNWDA, utilizing a network of youth, adult and dislocated worker service providers. In program year 2014, the SNWDA served 2,958 adults, 1,171 dislocated workers and 2,995 youth in Title I programs. In the adult population, $8,874,831 was spent for a total cost per participant of $3,000. In the dislocated worker population, $4,360,413 was spent for a total cost per participant of $3,724. In the youth population, $6,808,060 was spent for a total cost per participant of $2,273. The expenditure rates noted above exclude federally defined administrative costs.

The Local Board competitively procures service providers strategically and geographically located throughout the SNWDA, as well as providers uniquely qualified to recruit and serve targeted populations. The target populations for the SNWDA consist of veterans, youth, and adults who are low income and face significant barriers to employment and education.

Accordingly, the Local Board fulfills its capacity by:

- Partnering with service providers who are uniquely qualified to serve particularly hard-to-serve populations (e.g., veterans, individuals with disabilities, offenders and high school dropouts)
- Providing multiple workshops, hiring events and community forums throughout the year to increase awareness
E. A description of the Local Board’s strategic vision and goals for preparing an educated workforce (including youth and individuals with barriers to employment), including goals related to the performance accountability measures based on primary indicators of performance described in section 116(b)(2)(A) in order to support regional economic growth and economic self-sufficiency; and

WC is capitalizing on the extraordinary opportunity to improve job and career options for Southern Nevadans through a modernized, comprehensive, integrated, job-driven and streamlined local One-Stop Delivery System (OSDS) that links diverse talent to businesses. All One-Stop Career Centers (OSCC) and affiliate sites will have a dedicated focus on youth and individuals with barriers to employment. Consistent with priority of service, the system will also target special populations including: veterans, people with disabilities, re-entry, foster youth, English language learners, etc. The OSDS will be characterized by three critical hallmarks of excellence:

- The needs of businesses and workers drive workforce solutions
- One-Stop Career Centers (American Job Centers) provide excellent customer service to jobseekers and employers and focus on continuous improvement
- The workforce system supports strong regional economies and plays an active role in the community and workforce development

WC’s strategic vision for the SNWDA is based on our vision statement: “Full Employment for All Southern Nevadans”. It is aligned to support the Governor’s vision of the New Nevada. An economy, historically anchored on a couple of industry sectors, is being transformed to one that is knowledge-based and technologically advanced and features multiple key industry sectors. The New Nevada economy is now receiving strong economic, education and workforce development investments in the nine key industry sectors identified by the Governor:

- Aerospace & Defense
- Agriculture
- Clean Energy
- Healthcare & Medical Services
- Information Technology
- Logistics & Operations
- Manufacturing
- Mining & Materials
- Tourism, Gaming & Entertainment
The New Nevada economy presents great promise for gainful and sustainable jobs that will raise Southern Nevadans to their highest levels of self-sufficiency. WC will collaborate with local education and economic development agencies in the planning efforts to develop the necessary exposure activities, demand-driven curriculum, certificate programs, programs of study, and internship opportunities that will best prepare students and job seekers to work and succeed in Nevada’s key industry sectors.

WC will collaborate with local businesses and industries to maintain a local OSDS that meets the needs of job seekers and employers. This is anchored by our mission statement: “Connecting Employers to a Ready Workforce”. The local OSDS is designed to align with the Governor’s vision of a statewide public workforce development system that increases access to opportunities for employment, education, training and support services especially for youth and individuals with the greatest barriers to employment.

WC’s vision and mission statements are supported by four strategic goals set by the Local Board:

- Implement effective policies for management and oversight of the OSDS
- Champion youth education, training and employment
- Promote quality employment and training services for adult and dislocated workers
- Attract, grow and retain businesses

These goals are supported by the Strategic Work Plan Goals Matrix that contains individual strategies, tactics, timelines and measurements (attached to this local plan). These strategies are aligned to support the performance measures described in WIOA section 116(b)(2)(A), regional economic growth and economic self-sufficiency in Southern Nevada.

All key industry sectors in the New Nevada economy require workers with strong STEM based skills. These skills are necessary for the types of jobs in the New Nevada economy. Most employers want workers who are able to reason and solve problems using some math, science or technology knowledge. Key STEM skills include:

- Analytical skills to research a topic, develop a project plan and timeline, and draw conclusions from research results
- Science skills to break down a complex scientific system into smaller parts, recognize cause and effect relationships and defend opinions using facts
- Math skills for calculations and measurements
Attention to detail to follow a standard blueprint, record data accurately, or write instructions
Technical skills to troubleshoot the source of a problem, repair a machine or debug an operating system, and computer capabilities to stay current on appropriate software and equipment

Workers in STEM fields also use “soft” skills as much as they do math and science. These “soft” STEM skills include:
- Communication and cooperation skills to listen to customer needs and interact productively with project partners
- Creative abilities to solve problems and develop new ideas
- Leadership skills to lead projects and help customers
- Organization skills to keep track of a great amount of and different sources of information

To support the New Nevada’s key industry sectors, STEM activities already play a strong role in the service delivery design in the SNWDA. It starts with broad participant access to exposure activities to STEM skill-sets needed for occupations across Nevada’s key industry sectors. It continues with STEM focus during the career coaching stages, STEM focused trainings on the Eligible Training Provider List (ETPL) and strong engagement with employers in STEM related industries.

Additionally WC is implementing a new Two Generation Strategy in an effort to break the inter-generational cycle of poverty and move families toward economic security with gainful employment. The initiative takes place through partnership with agencies like United Way of Southern Nevada, Clark County Social Services, and others. This initiative will include strong, comprehensive employment, education and training components that address both adults and their children. Key elements of the strategy are the use of integrated funding streams of leveraged resources that cover an array of supportive services earmarked for low income families.

F. Taking into account analyses described in subparagraphs (A) through (D), a strategy to work with the entities that carry out the core programs to align resources available to the local area, to achieve the strategic vision and goals described in subparagraph (E);

WC currently oversees one comprehensive OSCC and multiple One-Stop affiliate sites. There are currently seated partners for WIOA Titles I, III, and IV co-located at the comprehensive OSCC. A Memorandum of Understanding (MOU) is currently in process for formalizing access to all core partner programs at the comprehensive OSCC.
WC has formalized some MOUs and is currently formalizing additional ones with the entities that carry out the WIOA core programs in the local area.

- **Title I Youth, Adult and Dislocated Worker**: Formal MOUs are in place with Title I providers at the comprehensive OSCC and the One-Stop affiliate sites.
- **Title II Adult Education and Literacy**: Formal MOUs are currently in process with Nevada’s Department of Education (NDE), recipient of WIOA Title II funds and MOUs will be put in place with its local recipients/service providers.
- **Title III Employment Service - Wagner Peyser Act**: Title III staff is co-located at the comprehensive OSCC. Formal MOUs are currently in process with DETR, recipient of WIOA Title III funds.
- **Title IV Vocational Rehabilitation**: Title IV staff is co-located at the comprehensive OSCC. Formal MOUs are currently in process with DETR, recipient of WIOA Title IV funds.

WC will continue to work to establish MOUs with the entities that carry out the core programs in order to further align resources, increase integration and coordination of programs, maximize return on investment and maintain seamless integrated services that are accessible to all job seekers, workers and businesses.

WC’s vision is that these MOUs will lead to additional comprehensive OSCCs in the local area where Youth, Adult, Dislocated Worker, Adult Education, Employment Services and Vocational Rehabilitation are all seamlessly co-located, leveraging resources and sharing in the cost of system infrastructure. The vision also includes the addition of other WIOA required and additional partners like Temporary Assistance for Needy Families (TANF), Jobs for Veterans State Grants (JVSG), Carl Perkins Career and Technical Education (CTE), Registered Apprenticeship, etc.

2. **A description of the workforce development system in the local area that identifies the programs that are included in the system and how the Local Board will work with the entities carrying out core programs and other workforce development programs to support alignment to provide services, including programs of study authorized under the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.), that support the strategy identified in the State plan under section 102(b)(1)(E);**

The local workforce development system includes the four required core WIOA programs: WIOA Title I (Adult, Dislocated Workers, and Youth), Title II (Adult Education & Literacy), Title III (Wagner-Peyser) and Title IV (Vocational Rehabilitation). It also includes 13 required partners: Career & Technical
Education; Community Services Block Grant; Indian & Native American Programs; HUD Employment & Training Programs; Job Corps; Local Veterans’ Employment Representatives and Disabled Veterans’ Outreach Program; National Farmworker Jobs Program; Senior Community Service Employment Program; TANF Employment & Training Programs; Trade Adjustment Assistance; Unemployment Insurance; YouthBuild; and Second Chance Act.

To support alignment and avoid the duplication of services, the core program partners along with the required and additional partners will establish a One-Stop Delivery System MOU and corresponding resource sharing agreement, where applicable. The MOU will specify partner roles and responsibilities as related to providing services within the workforce development system.

3. A description of how the Local Board, working with the entities carrying out core programs, will expand access to employment, training, education, and supportive services for eligible individuals, particularly eligible individuals with barriers to employment, including how the Local Board will facilitate the development of career pathways and co-enrollment, as appropriate, in core programs, and improve access to activities leading to a recognized postsecondary credential (including a credential that is an industry-recognized certificate or certification, portable, and stackable);

WC, working with the entities carrying out core programs, will continue to fund, through its OSCC operator and service providers at One-Stop affiliate sites, all of the career services included under Section 134(c)(2). Such services shall include at a minimum:

- Determinations of eligibility for services under Title I of WIOA
- Outreach, intake and orientation to the information and other services available through the OSDS
- Initial assessments of skill levels, aptitudes, abilities, and supportive service needs
- Labor exchange services, including job search and placement assistance, career counseling when determined to be appropriate, provision of information on in-demand sectors and non-traditional employment, and appropriate recruitment and other business services on behalf of employers
- Referrals to and coordination of activities with all other applicable OSDS partners and other workforce development programs
- Workforce and employment statistics information, including the provision of accurate information relating to local, regional, and national labor market areas
- Job vacancy listings
- Information related to job skills necessary to obtain employment
• Information relating to local in-demand occupations and the earnings and skill requirements for such occupations
• Performance and program cost information on eligible providers of training services
• Information, in formats that are usable by and understandable to customers, regarding how the local area is performing on the local performance accountability measures
• Information, in formats that are usable by and understandable to customers, relating to availability of other supportive services in the local area
• Information and assistance regarding the filing of claims for unemployment compensation
• Information relating to and assistance in establishing eligibility for programs of financial aid assistance and education programs

A key strategy for coordination of activities among the OSDS partners will be regularly convened system partner meetings to be held on no less than a quarterly basis. Topics of discussion at these meetings shall include ways in which intake processes and other services at all OSCCs and affiliated sites can be integrated to the fullest extent possible, with a strong emphasis placed on co-enrollment between all applicable partner programs.

WC will strongly encourage co-enrollment and leveraging of resources through other means, with requirements built in to its Individual Training Account (ITA) policy and other policies and procedures pertaining to the provision of WIOA career and training services.

WC will utilize a standardized MOU that outlines the services and funding to be provided by each required and optional local workforce system partner. Overall, the MOU and local plan will detail efforts to ensure effective and efficient delivery of workforce services.

Through the regularly convened system partner meetings and other strategies, WC intends to further improve consistency and integration of services by creating a common application process, co-enrolling customers across programs, instituting an integrated case management process, utilizing standardized assessments, creating standardized curriculums for job-readiness training, and, in conjunction with core partners, implementing a comprehensive staff training program for personnel delivering services.

WC will utilize strategies developed in tandem with core and other partner programs to serve the needs of individuals.
Coordination of activities to support the identified strategies will be outlined in the One-Stop Delivery System MOU and will include key industry sector strategies and the implementation of career pathways.

A customer-centered approach will be at the forefront of each strategy and thorough assessments will be provided so that services can be tailored to the unique needs of the individual and a holistic plan for employment can be developed that includes the need for supportive services and the identification of resources from entities within and outside the scope of this plan.

WC will establish strong partnerships with local area colleges and universities through MOUs, and solicit training providers to submit training applications related to demand-driven industry sectors for placement on the State’s ETPL.

WC will establish and maintain resource-sharing agreements with associated partners and facilitate a One-Stop Delivery System-wide dialogue for the purpose of collaborating with partners and addressing the need to connect employers to a ready workforce.

Access to activities leading to postsecondary credentials will improve by focusing on career pathways specific to locally in-demand occupations. WC will promote locally relevant career pathways in the SNWDA. Career exploration activities will be designed and implemented for in-demand skill-sets and occupations across all of Nevada’s key industry sectors identified by the Governor’s economic development plan.

Access to activities leading to postsecondary credentials will improve by utilizing the latest technologies available. Interactive Career Exploration (ICE) strategies will make effective use of the latest technologies. Southern Nevadans will be able to access the Woofound personality assessment from any PC or mobile device. Unlike most other career-mapping assessments, this unique science-based visual assessment is quick, fun and easy to take. After the 2-3 minute assessment, participants are provided actionable data that allow them to immediately start making career mapping decisions. Participants will also be able to navigate career exploration activities and local Labor Market Information (LMI) through fun interactive animated characters, all themed in Nevada’s key industry sectors. The exploration activities are designed to be engaging, interactive and fun. They include industry-relevant videos, quizzes and games. LMI is extracted from the DETR Research and Analysis Bureau website.

Access to activities leading to postsecondary credentials will improve through universal access and a “No Wrong Door” philosophy throughout the local OSDS. Universal access to STEM based programs will anchor participant exposure to skill-
sets, industry-recognized certificates, licenses and certifications for occupations across Nevada’s key industry sectors.

Access to activities leading to postsecondary credentials will improve through effective use of locally-relevant intelligence. Advisory panels will provide timely and locally relevant intelligence regarding the local labor market, education system and economic development activities. The advisory panels will focus on business engagement, special populations, youth and the OSDS. Among other things, this “real-time” intelligence will assist in keeping all ETPL offerings local industry-relevant and in-support of local in-demand occupations.

Access to activities leading to postsecondary credentials will improve through increased customer choice on the ETPL. The ETPL will meet the new performance reporting requirements and increase customer choice at the same time by using customer reviews along with the performance data. This will help participants make a more informed decision regarding training activities. A new paperless/online ETPL management process will streamline applications, evaluations, approvals/denials/renewals, customer reviews and the ETPL performance reporting process.

Access to activities leading to postsecondary credentials will improve through pre-apprenticeship programs that target populations with barriers to employment. These pre-apprenticeship programs will support career pathways that prepare participants for eventual placement into local registered apprenticeship programs.

WC will continue to work with United Way of Southern Nevada, Clark County Social Services, and others to implement a new Two Generation Strategy in an effort to break the inter-generational cycle of poverty and move families toward economic security with gainful employment. Key elements of the strategy are the use of integrated funding streams of leveraged resources that cover an array of supportive services earmarked for low income families.
4. A description of the strategies and services that will be used in the local area-

A. In order to-

i. Facilitate engagement of employers, including small employers and employers in in-demand industry sectors and occupations, in workforce development programs;

WC facilitates engagement of employers through the activities and initiatives of the Business Engagement Specialist Team (BEST). BEST engages local employers by:

- Offering candidate recruitment and placement as a gateway service to local employers, including small employers and particularly employers of in-demand industry sectors and occupations;

- Inviting employers to join the Workforce Connections’ Compact which defines the partnership and mutual commitments made between Southern Nevada employers and WC. Employers commit to (1) utilizing the recruitment services and training resources of WC to access the talent available through the OSDS; (2) recommending recruitment and training resources to other businesses and employers; (3) maintaining communication with and providing honest feedback to WC for the continuous improvement of service delivery; (4) assisting the Southern Nevada Workforce Development Board in developing strategies to improve the talent pipeline, build the skills of Southern Nevadans, and enhance industry sector growth for a vibrant economy; and (5) be available to serve on panels and committees as an expert on employer issues.

ii. Support a local workforce development system that meets the needs of businesses in the local area;

WC’s Business Engagement Panel is comprised of key employers who are members of the Compact. Panel members have decision-making and hiring authority in local businesses. They deliver “real time” and locally relevant workforce intelligence. The information is used to improve service delivery within the OSDS and to align training resources through management of the ETPL.

Primarily, the panel serves as an employer roundtable for employers to discuss how the system might become more demand-driven. In the context of workforce development, being demand-driven means using the hiring needs of employers as the starting point. Service providers then respond to
the gathered demand factors with a labor supply aligned with demand. The Business Engagement Panel’s role is to provide direct information on jobs in-demand, skill sets required, training program requirements and candidate assessment factors to produce more trainees with skills and competencies that align better with industry, and hence, increase the likelihood of long-term employment upon completion of training. The Panel, which meets regularly, facilitates ongoing communication and continuous feedback ensuring that we truly become a demand-driven, locally-relevant workforce development system.

Finally, the Panel provides an opportunity to gain in-depth industry knowledge and expertise and to assess the current employment opportunities, future expectations, wages and salary impact with consideration of our local talent pool.

The Panel’s goals are to:

- Examine major issues in the field of workforce and economic development and work to create programs, partnerships and solutions to complement policy decisions.
- Build on the principles of transformation for workforce development: initiating proactive collaboration and partnership; connecting strategic planning to regional economies; and creating customized solutions for businesses and workers in transition.
- Drive change within the workforce development system that aligns services to workers with benefits and resources that educate and prepare them for structural changes in the global marketplace.
- Craft the vision of “talent development” that reflects our local labor market needs.
- Adopt tools, approaches and successes that overcome barriers to performance and encourage innovative practices.
- Focus on the creation of a demand-driven, integrated publicly-funded workforce development system.

iii. Better coordinate workforce development programs and economic development; and

For Economic Development, WC works with the Las Vegas Global Economic Alliance (LVGEA), the Regional Economic Development Agency for Southern Nevada, the Governor’s Office of Economic Development (GOED) and other local economic development teams. The goal is to coordinate the collaboration of public and private partners working to align the publicly-funded workforce development system to regionally-based economic development efforts. WC’s local delivery
system strives to develop talent that will ensure Southern Nevada’s competitiveness in a global economy. WC works to improve coordination, communication, collaboration and performance between the workforce development system, economic development and the business community.

iv. **Strengthen linkages between the One-Stop Delivery System and unemployment insurance programs; and**

WC also works with DETR, Adult Ed, Department of Welfare, Vocational Rehabilitation and Veteran partners through the Business Services Network (The Network). The Network convenes and coordinates business and employer service activities throughout the OSDS to create a seamless approach for employers and job seekers. The goal is to create a “no wrong door” for businesses and employers so that they may seamlessly receive system services and access system talent regardless of which partner is contacted. This will increase the services and potential recruitment pool available to employers and businesses.

Hiring events and other special recruitment efforts are also extremely effective for assisting unemployment insurance claimants with finding sustainable employment. In partnership with DETR, WC coordinates efforts with the Wagner-Peyser Business Service Office (BSO) to promote opportunities for connecting employers to job-ready UI claimants.

**B. That may include the implementation of initiatives such as incumbent worker training programs, on-the-job training programs, customized training programs, industry and sector strategies, career pathways initiatives, utilization of effective business intermediaries, and other business services and strategies, designed to meet the needs of employers in the corresponding region in support of the strategy described in paragraph (1)(F);**

On-the-job training, incumbent worker training and customized training will be provided for in-demand jobs or high growth industry sectors within the LWDA. Industry experts make up the membership of the industry sector councils, providing breadth of insight as to the skills needed by employers. WC will develop career pathway strategies that will prepare southern Nevadans for job opportunities available in the local area.
5. A description of how the Local Board will coordinate workforce investment activities carried out in the local area with economic development activities carried out in the region in which the local area is located (or planning region), and promote entrepreneurial skills training and microenterprise services;

Consistent with section II(4)(A)(iii) of this plan, WC works to improve coordination, communication, collaboration and performance between the workforce development system, economic development and the business community, by engaging economic development agencies such as, Las Vegas Global Economic Alliance (LVGEA), the Regional Economic Development Agency for Southern Nevada, the Governor’s Office of Economic Development (GOED) and other local economic development teams. In addition, WC maintains active and dynamic partnerships with local chambers of commerce and industry associations. These agencies are represented in WC’s Board membership.

Small businesses in the state of Nevada were seriously impacted by the national economic conditions resulting in the highest unemployment numbers in the nation. As a result of job losses, residents of Nevada are still searching for financial support for entrepreneurial business ideas. As a result of these facts, and the fact that small business development is a key factor to employment recovery, the Governor's Office of Economic Development (GOED) believes the small business sector requires additional funding to assist small businesses with entrepreneurial training, technical assistance and access to loans for new and expanding businesses throughout the State. Nevada received $13.8 million from a Federal grant to assist in the growth of small and microenterprise businesses throughout the state of Nevada.

The Nevada Microenterprise Institute (NMI) in partnership with Valley Economic Development Center (VEDC) will now be known as the VEDC Nevada Business Opportunity Fund to reflect its expanded services to help small businesses gain access to capital.
VEDC’s Nevada Business Opportunity Fund offers a comprehensive array of tools and resources to help entrepreneurs to successfully start or expand small businesses. A Federally Certified Community Development Financial Institution (CDFI), the Nevada Business Opportunity Fund’s services and programs are specifically targeted to help micro, small, women, and minority owned businesses in low-income and disadvantaged communities. Services include:

- Small Business Administration (SBA) Community Advantage loans in the $50,000 to $250,000 range
- Microloans in the $1,000 to $50,000 range
- Along with management and technical assistance such as business plan preparation, market research, accounting services, and more training programs and professional counseling through the Nevada Women’s Business Center

There is an ongoing need to help small business owners who are unable to qualify for traditional bank financing. The Nevada Business Opportunity Fund is committed to continuing to provide financial resources, business services, and programs to grow businesses and support our communities. The Nevada Business Opportunity Fund, which originally made microloans of only $1,000 to $35,000, has lent more than $6.4 million to more than 450 Nevada small businesses. More than 3,000 people have received no-cost, entrepreneurial training from the Nevada Business Opportunity Fund’s professionals in just the past two years alone. The more than 222,000 small businesses in Nevada significantly impact the State’s economy, representing more than 95% of all employers and employing approximately 42% percent of the private-sector workforce.

WC’s One-Stop Delivery System supports the Nevada Business Opportunity Fund and actively makes appropriate customer referrals from the comprehensive OSCC and its affiliate sites. WC’s vision for supporting and promoting entrepreneurial skills training and microenterprise services also includes informational workshops and webinars at multiple locations of the Local One-Stop Delivery System.

WC’s Youth-specific RFPs and contracts already incorporate a required entrepreneurial skills training component to address the unique needs of WIOA youth clients.

6. A description of the One-Stop Delivery System in the local area, including-

A. A description of how the Local Board will ensure the continuous improvement of eligible providers of services through the system and ensure that such providers meet the employment needs of local employers, and workers and jobseekers;
WC will ensure continual improvement of eligible providers of services through a data-driven process:

- **Reporting:** Goals will be tracked, measured and reported (e.g., participant performance, system integration & resource-sharing, referral process, customer satisfaction, etc.)
- **Feedback:** System feedback will improve job seeker and employer services, partner collaboration and provide qualitative system intelligence
- **Analysis:** Data will be analyzed to improve understanding of the system and identify opportunity for continual improvement
- **Action:** Analysis and feedback will drive the decision-making process for positive changes in the system. Initiatives and programs will be evaluated for effectiveness

Additionally, monitoring, assessments and technical assistance will be used to ensure continual improvement. WC envisions sharing data across the workforce development system to allow in-depth analysis and evaluation of co-enrolled participants and pilot programs.

**B. A description of how the Local Board will facilitate access to services provided through the One-Stop Delivery System, including in remote areas, through the use of technology and through other means:**

WC has one comprehensive OSCC and multiple geographic One-Stop affiliate sites located throughout the SNWDA. The comprehensive OSCC and affiliate sites offer services to both employers and job seekers. The OSCC and affiliate sites also provide access to basic career services such as referrals to the OSDS partners, online registrations and job search assistance through the Nevada Job Bank and access to online UI information.

Besides physical access, WC actively promotes technological linkage to services. Currently, tools such as the Woofound online assessment and the Interactive Career Exploration (ICE) kiosk provide additional tools for exploring career pathways in a fun, quick and convenient manner. These tools are available system-wide and can be accessed through any web enabled computing or mobile device. For the jobseeker who is interested in training, WC, in coordination with the State and Nevadaworks, has implemented an ETPL search tool which allows training information to be searched by factors such as cost, location and sector. WC recognizes the need for distance learning and also continues to explore and advocate online training options for individuals that reside in rural areas. It is anticipated that the new Statewide Automated Workforce System (SAWS) will further enhance technological
linkages to labor market information and self-serve job seeker and employer services.

WC has also recently deployed two mobile One-Stops to increase the geographical footprint and provide increased access to the OSDS. The retired buses were donated by the Southern Nevada Regional Transportation Commission and repurposed and transformed into mobile One-Stops. The mobile One-Stops feature two office spaces, computer equipment and an ADA compliant lift. Their deployment throughout the SNWDA is coordinated by the OSCC operator.

**C. A description of how entities within the One-Stop Delivery System, including One-Stop operators and the One-Stop partners, will comply with section 188, if applicable, and applicable provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) regarding the physical and programmatic accessibility of facilities, programs and services, technology, and materials, for individuals with disabilities, including providing staff training and support for addressing the needs of individuals with disabilities; and**

The local area connects OSDS services, including WIOA, to persons with disabilities by assuring that all workforce offices are ADA compliant and that auxiliary aids are made available when requested by customers receiving services. The area distributes and ensures the use of State notices to make all eligible registrants and applicants aware of the system’s obligations to operate their programs in a non-discriminatory manner.

The OSDS is required to provide equal opportunity in all aspects of their program operations and practices. All funded partners are required to post the Equal Employment Opportunity (EEO) is the Law notice and disseminate it to each participant and document the distribution in the case file. The local area provides standard EEO language to be placed on all new and reprinted marketing collateral and routinely monitors system compliance with this requirement.

In program year 2013, the OSCC underwent an ADA facility improvement project. The project went above the minimum ADA requirements. The amount of dedicated accessible parking adjacent to the building was tripled, additional access rails and ramps were installed, and electrical door operators were installed throughout the building. It is WC’s goal to provide the best services available to all populations of the local community.

Staff of the OSDS routinely serve persons with disabilities by making any accommodations necessary to assist with their employment and training needs.
As much of the EO content is in written form, accommodations are made to any participant with a visual impairment to ensure appropriate advisement.

As a WIOA Title I Core Partner, WC is partnering with WIOA Title IV (i.e., Vocational Rehabilitation), which is also co-located at the OSCC, to have training and support provided to all core and required partner staffs addressing the needs of individuals with disabilities.

D. A description of the roles and resource contributions of the One-Stop partners;

The responsibilities of the One-Stop partners are to provide:
- Career services (basic and individualized)
- Workforce and labor market information
- Access to training services
- Program referrals

The OSCC operator will provide the leadership, foundation and tools to ensure the standardization of service delivery through the OSCC.

OSCC providers of career services
- OSCC Operator:
  - WIOA career and training services
- State of Nevada NDE and DETR:
  - Adult Education and Family Literacy
  - Wagner-Peyser
  - Veterans Services
  - Former Offender Services
  - Vocational Rehabilitation

Resource contributions will be consistent with the negotiated MOU and resource sharing agreement.

7. A description and assessment of the type and availability of adult and dislocated worker employment and training activities in the local area;

Basic career services will be made available to all individuals seeking services in the OSDS, and include:
- Eligibility determination for adult, dislocated worker, or youth programs
- Outreach, intake (including identification through the State’s Worker Profiling and Reemployment services system) and orientation to information and other services available through the OSDS
• Initial assessment of skill levels including literacy, numeracy, English language proficiency, as well as aptitudes, abilities and supportive service needs
• Labor exchange services, including:
  o Job search and placement assistance
  o Provision of information on in-demand industry sectors and occupations
  o Provision of information on non-traditional employment
• Provision of referrals to and coordination of activities with other programs and services, including those within the OSDS and, when appropriate, other workforce development programs
• Provision of workforce and labor market employment statistics information including information relating to local, regional and national labor market areas
• Provision of performance information and program cost information for eligible providers of training services
• Provision and information about how the Board is performing on local performance accountability measures, as well as any additional performance information relating to the local workforce system
• Provision of information and assistance regarding filing claims for unemployment compensation
• Provision of information relating to the availability of support services or assistance, and appropriate referrals to those services and assistance
• Assistance in establishing eligibility for programs of financial aid assistance for training and education programs not provided under WIOA

Individualized Career Services
Individualized career services must be made available if determined to be appropriate in order for an individual to obtain or retain employment. These include the following services:
• Comprehensive and specialized assessments of the skills levels and service needs of adults and dislocated workers; Section 134(c)(2) and (c)(3) list the required local employment and training activities. To satisfy some of these requirements, the use of assessments is necessary. Ostensibly to avoid duplication of services, WIOA contains a clause that allows the use of previous assessments from another education or training program. The previous assessments must be determined to be appropriate by the OSCC Operator or the OSCC Partner and must have been completed within the previous six months
• Development of an individual employment plan to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve his or her employment goals, including the list of, and information regarding eligible training providers
- Group counseling
- Individual counseling
- Career planning
- Short-term prevocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct services to prepare individuals for unsubsidized employment or training
- Internships and work experience that are linked to careers
- Workforce preparation activities
- Financial literacy services as described in WIOA §129(b)(2)(D);
- Out-of-area job search and relocation assistance
- English language acquisition and integrated education and training programs

Training Services
WIOA is designed to increase participant access to training services. Training services are provided to equip individuals to enter the workforce and retain employment. Training services include:

- Occupational skills training, including training for nontraditional employment
- On-the-job training (OJT), including registered apprenticeship
- Incumbent worker training in accordance with WIOA §134(d)(4)
- Workplace training and cooperative education programs
- Skills upgrading and retraining
- Entrepreneurial training
- Transitional jobs in accordance with WIOA §134(d)(5)
- Job readiness training provided in combination with other training described above
- Adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, in combination with training
- Customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training

Follow-up Services
Follow-up services must be provided as appropriate for participants who are placed in unsubsidized employment, for up to 12 months after the first day of employment. Counseling about the work place is an appropriate type of follow-up service. Follow-up services do not extend the date of exit in performance reporting.
Strengths include the following:
- Geographic access points throughout SNWDA
- Provision of subject matter expertise for special ADW populations
- Quality-focused services

Weaknesses include the following:
- Minimal community awareness of available services
- Outreach to and recruitment of dislocated workers
- Providing expeditious subsequent services following point of initial contact
- Cumbersome and lengthy administrative process

8. A description of how the Local Board will coordinate workforce investment activities carried out in the local area with statewide rapid response activities, as described in section 134(a)(2)(a);

Nevada’s rapid response program is designed to oversee and provide expedited services to businesses and workers facing layoffs and/or business closures of any size both in Worker Adjustment and Retraining Notification Act (WARN) and non-WARN instances. These services are coordinated through DETR’s Workforce Investment Support Services (WISS) section. Nevada’s rapid response unit is comprised of individuals from the local boards, dislocated worker service providers, organized labor, and DETR’s ESD division.

The coalition aims to educate businesses and dislocated workers about the services and information available through Federal, State and local organizations to reduce the effects of business downsizing. Additionally, the unit makes every effort to conduct immediate on-site assessments with the employer, representatives of the affected workers, and the local community to evaluate the specific needs of the affected business and workers and to provide intervention services accordingly.

WC will work with the rapid response unit to design a service delivery strategy to accelerate the impacted employees return to work.

9. A description and assessment of the type and availability of youth workforce investment activities in the local area, including activities for youth who are individuals with disabilities, which description and assessment shall include an identification of successful models of such youth workforce investment activities;

WC will serve youth out of multiple geographic urban and rural One-Stop affiliate sites, including the OSCC, spread throughout Lincoln, Nye, Esmeralda, and Clark Counties. In addition, WC has also identified three specialized projects which include a particular focus on re-entry youth, drop-out recovery interventions, and a work-based learning industry sector program.
WC is focusing 80 percent of recruitment efforts on the out-of-school youth population in coordination with community partners that serve similar youth. The OSCC and all One-Stop affiliate sites will maximize outreach and recruitment efforts for youth with disabilities, foster youth, and re-entry youth.

WC and its funded partners will continue collaborative partnerships with Vocational Rehabilitation, Department of Juvenile Justice, Department of Family Services, Health and Human Services and several community-based organizations that serve disconnected youth. WC will require all funded partners to provide subject matter expertise to the targeted youth populations identified above.

The 14 WIOA youth elements will be made available to all youth based on identifiable needs through an objective assessment and in accordance with an Individual Service Strategy (ISS).

Strengths include the following:
- Geographic footprint which allows increased access points for youth services
- System partnerships which allow for leveraged resources and holistic wrap-around services
- Specialized expertise provided to most disadvantaged youth

Weaknesses include the following:
- Out-of-school youth majority system (80%) minimizes WIOA Title I resources and services for in-school youth (20%), and in particular those at-risk of dropping out
- Minimal community awareness of available WIOA Title I youth programs and services
- Co-location of WIOA Core & Required partners at each One-Stop affiliate site

A successful model for out-of-school youth workforce activities is the YouthBuild Las Vegas model which consists of an expected focus of 50% on education, 40% on vocational training, and 10% on leadership development. The program runs the educational component concurrent with vocational training and incorporates leadership development throughout the design. The program also integrates an AmeriCorps component with a particular emphasis on civic engagement, which participants fulfill during their vocational training.

10. A description of how the Local Board will coordinate education and workforce investment activities carried out in the local area with relevant secondary and
postsecondary education programs and activities to coordinate strategies, enhance services, and avoid the duplication of services;

WC maximizes communication, resources, and partnerships to align secondary and postsecondary opportunities within the workforce development system in order to carry out education and workforce investment activities in the local area. There is a standing relationship with Clark County School District (CCSD), WIOA Title II (Adult Education and Family Literacy), and local institutions of higher education (e.g., College of Southern Nevada, University of Nevada Las Vegas, and Nevada State College). Representatives from each entity (i.e., secondary, Adult Education, and Institutions of Higher Education) serve on WC committees and the Local Board.

The collaboration with these entities and alignment with eligible training providers will reduce duplication of services and provide the opportunity to coordinate strategies while building systemic approaches for the development of career pathways, including apprenticeship programs.

11. A description of how the Local Board will coordinate workforce investment activities carried out under this title in the local area with the provision of transportation, including public transportation, and other appropriate supportive services in the local area;

WC maintains an array of policies that addresses the use of supportive services and allowances therein. Local WIOA participants are eligible to receive supportive services for transportation and other key necessities, which directly support employment and training.

Funded partners will assess and document the need for each individual during an initial assessment and the enrollment process. Our policies address the coordination and referral of services to other entities in order to avoid duplication of services. Funded partners are responsible for approving supportive services in accordance to the guidelines set forth in WC’s policies.

WC has also secured an agreement with the Regional Transportation Commission of Southern Nevada (RTC) which allows programs to purchase 30- day bus passes at reduced cost. This cost savings will allow greater transportation assistance for job search and training activities.
12. A description of plans and strategies for, and assurances concerning, maximizing coordination of services provided by the State employment service under the Wagner-Peyser Act (29 U.S.C. 49 et seq.) and services provided in the local area through the One-Stop Delivery System, to improve service delivery and avoid duplication of services;

As a required WIOA core mandated partner, under the One-Stop Career Center MOU and resource sharing agreement, Title III Wagner-Peyser services are already co-located at the comprehensive OSCC. In addition, Wagner-Peyser services will also be available at various One-Stop Centers and affiliate sites. Consistent with the state plan, WC will utilize the objective criteria and procedures provided by the state for the establishment and certification of One-Stop Centers and affiliate sites. Accordingly, DETR’s Wagner-Peyser programs will deliver a wide array of employment and training services to job seekers in the comprehensive OSCC and throughout the OSDS. Collaboration within the workforce development system and amongst the core partners will allow for coordinating and providing basic career services, while avoiding duplication of services. In order to assure this collaboration, WC’s One-Stop Centers and affiliate sites are required to co-locate at least two, if not all four WIOA core mandated partners, one of which is Wagner-Peyser. One-Stop Centers and affiliate sites will be monitored accordingly. In order to improve the geographical footprint and provide more access points, WC is pursuing partnerships with local government agencies that will provide no-cost facilities. This will allow us to open more One-Stop Centers and/or affiliate sites.

13. A description of how the Local Board will coordinate workforce investment activities carried out under this title in the local area with the provision of adult education and literacy activities under title II in the local area, including a description of how the Board will carry out, consistent with subparagraphs (A) and (B)(i) of section 107(d)(11) and section 232, the review of local applications submitted under title II;

Through a One-Stop Delivery System MOU and resource sharing agreement, collaborative roles and responsibilities shall be identified outlining coordinated workforce development services and education and literacy activities to include leveraging of WIOA Title I funds and resources with those of Adult Education & Family Literacy (WIOA Title II). Such coordination shall include, but are not limited to the following:

- Co-location of Title I and Title II services where possible in order to reduce the cost of buildings and route more funds to direct client services.
- Supporting the educational and skill achievement of parents and family members to participate in the educational development of their children and improve economic opportunities for family. This initiative will be highlighted in WC’s Two-Generation Strategy.
• Assist immigrants and English learners in improving their English and math proficiency and understanding the rights and responsibilities of citizenship.
• Assist incarcerated individuals in strengthening their knowledge and skills to promote successful re-entry into society.

Workforce development activities shall be coordinated with local area education and training providers, including the providers or sub-recipients of adult education and literacy activities under Title II and Carl Perkins (Career and Technical Education). In addition, and in order to avoid duplication of services, WC will participate in the Request for Proposals (RFP) evaluation process for WIOA Title II providers, and vice versa. The OSCC and One-Stop affiliate sites will provide opportunities for WIOA Title II provider staff to be co-located within their respective geographic offices.

In order to improve the geographical footprint and provide more access points, WC is pursuing partnerships with local government agencies that will provide no-cost facilities. This will allow us to open more One-Stop Centers and/or affiliate sites.

14. A description of the replicated cooperative agreements (as defined in section 107(d)(11) between the Local Board or other local entities described in section 101(a)(11)(B) of the Rehabilitation Act of 1973 (29 U.S.C 721(a)(11)(B)) and the local office of a designated State agency or designated State unit administering programs carried out under title I of such Act (29 U.S.C. 720 et seq.) (other than section 112 or part C of that title (29 U.S.C. 732, 741) and subject to section 121(f) in accordance with section 101(a)(11) of such Act (29 U.S.C. 721(a)(11)) with respect to efforts that will enhance the provision of services to individuals with disabilities and to other individuals, such as cross training of staff, technical assistance, use and sharing of information, cooperative efforts with employers, and other efforts at cooperation, collaboration, and coordination;

Individuals with disabilities shall be provided employment and training services so that they may prepare themselves for, and engage in, competitive integrated employment consistent with their unique strengths, priorities, concerns, abilities, capabilities, and interests with an informed choice. Through this comprehensive workforce development plan, individuals with disabilities will be assured to receive services they need to reach their full potential with gainful employment and training services.
WC partners with WIOA Title IV (Vocational Rehabilitation), which is already co-located at the comprehensive OSCC, in the following ways:

- Cross training of core partner staff to ensure a high level of service to people with disabilities
- Placement of people with disabilities through business engagement activities
- Representation on the WC Board, committees and advisory panels representing special populations

15. An identification of the entity responsible for the disbursal of grant funds described in section 107(d)(12)(B)(i)(III), as determined by the chief elected official or the Governor under section 107(d)(12)(B)(i);

WC is designated by the Governor as the administrative entity for the SNWDA. Attached to this plan is a letter dated September 14, 2015, from Governor Brian Sandoval to Clark County Commissioner Lawrence Weekly, Chair of the Chief Local Elected Officials Consortium (see Attachment D).

16. A description of the competitive process to be used to award the sub grants and contracts in the local area for activities carried out under this title;

WC and its sub-recipients, contractors and subcontractors are required to comply with established procedures / guidelines regarding procurement and acquisitions for goods and services. WC is also required to comply with:

- Any specific Federal and State award requirements outlined in grant agreements
- State and Local Board inter-local agreements
- Federal, State or local guidance, such as Training and Employment Guidance Letters (TEGLs) issued by the DOL, Employment and Training Administration (ETA) as they relate to funds passed through by the State
- Any programmatic or statutory Federal or State requirements, as applicable

All competitions shall be conducted in a manner that provides, to the maximum extent practical, free and open competition to all interested parties. The process used shall ensure open and impartial access for all interested minority, women owned, small business, veteran or disadvantaged owned, businesses seeking opportunities to furnish goods and/or services to WC. All solicitations for goods and services and the selection of sub-recipients shall incorporate a clear and accurate description of the technical requirements for the materials, products, or services to be procured, including quantities, and identification of all requirements that respondents must fulfill, and all other factors to be used in evaluating bids or proposals.
WC uses the RFP method of procurement when there is more than one prospective bidder submitting an offer, the lowest price is not necessarily the determining factor, and a cost reimbursement type contract or award will be made. The RFP must also meet the generally prescribed standards for “full and open competition”. The bid evaluation factors should focus primarily on, but not exclusively, the proposal’s approach, program design, innovation, coordination, and knowledge of the regulations and statutes directly related to the goods and services proposed. The RFP must contain a clear and accurate description of the technical requirements for the material, product or service to be procured. It also must contain identification of all requirements which the proposers must fulfill, and identification of all other factors to be used in evaluating the bids or proposals. WC announces new RFPs to known entities who provide such services through newspaper advertising, email blasts and by posting on its website. A bidder’s conference is conducted to answer any questions prospective applicants may have. Upon receipt of submitted proposals by the due date, proposals that have passed technical review are currently sent to an experienced outside agency procured to score such proposals independently from WC. Upon receipt of the independent ranking of respondents, WC recommends an agency for award to the programs committee for approval, to the board for final approval and to the Local Elected Officials’ Consortium for ratification. Once that process is completed and a sub-recipient is selected, contract negotiations begin and are finalized with a contract.

17. A description of the local levels of performance negotiated with the Governor and chief elected official pursuant to section 116(c), to be used to measure the performance of the local area and to be used by the Local Board for measuring the performance of the local fiscal agent (where appropriate), eligible providers under subtitle B, and the One-Stop Delivery System, in the local area; (Pending numbers from State)

WC is awaiting initial local levels of performance to be provided by the State. Once they are negotiated and agreed upon by the Governor and the Chief Local Elected Official, they will be used to measure the performance of the OSDS in the local area.
18. A description of the actions the Local Board take toward becoming or remaining a high-performing board, consistent with the factors developed by the State Board pursuant to section 101(d)(6);

The Board will ensure effective policies are developed and maintained regarding the coordinated provision of integrated services through the local delivery system including:

- Assessing the effectiveness and continuous improvement of One-Stop Career Centers and affiliate sites
- Allocation of OSCC infrastructure costs
- Appropriate roles and contributions of entities that carry out OSDS partner programs within the local OSDS, including approaches to facilitating equitable and efficient cost allocation in the system
- Pursuing partnerships with local government agencies that will provide no-cost facilities in order to route more funds towards direct client services.

WC maintains a continual Board member development program in order to keep them engaged, informed and up-to-date on all things WIOA-related. An on-going recruitment strategy is also in place to build a pool of potential Board, committee and advisory panel members. The Board, through the Executive Director will ensure board staff is well qualified and undergoes continual training and development.

WC strives to maximize the Return on Investment (ROI) of taxpayer funds and to manage resources responsibly with the highest fiscal and programmatic standards.

19. A description of how training services under chapter 3 of subtitle B will be provided in accordance with section 134(c)(3)(G), including, if contracts for the training services will be used, how the use of such contracts will be coordinated with the use of individual training accounts under that chapter and how the Local Board will ensure informed customer choice in the selection of training programs regardless of how the training services are to be provided;

Training services are provided through the statewide ETPL and Individual Training Accounts (ITAs). Contracts for training services are currently not used in the SNWDA. They would only be used if the trainings couldn’t be made available through the ETPL.

The process for training providers (including registered apprenticeships) applying for the ETPL and reporting WIOA-required performance was made more efficient in Nevada through the implementation of a new online ETPL management system. The system streamlines the application process by eliminating paper use and reducing time spent on the process. Intelligent search functions allow the customer
to find trainings according to Nevada’s key industry sectors, location, duration, cost, etc. Most importantly, it will display the WIOA performance measures for each training once the first year period of initial eligibility expires. This, along with planned customer ratings, will ensure informed customer choice in the selection of training.

20. A description of the process used by the Local Board, consistent with subsection (d), to provide an opportunity for public comment by representatives of business and comment by representatives of labor organizations, and input into the development of the local plan, prior to submission of the plan;

Based on and in alignment with the Unified State Plan submitted by the State to US DOL on March 3, 2016, the draft local plan is developed by WC in collaboration with its system partners and with intelligence gathered from the local elected officials, Board, committees and advisory panels. Membership includes representatives from business and labor organizations.

Weeks ahead of its release, WC publishes in local newspapers/publications a notice that the four-year local plan will soon be made available for public comment. The notice (attached to this plan) announces the beginning and end dates of 30 day comment period, where and when electronic and printed versions of the plan may be accessed, a plan summary and contact information.

Ahead of publication for public comment, an email blast is also sent out to local elected officials, Board, committees, advisory panels, program operators, NDE, DETR, DHHS and other partner agencies announcing the public comment period so that they can communicate their needs, offer perspectives, expertise and participate in the process. A draft of the entire local plan is then made available for comment for 30 days. Once the 30 day period expires, all public comment is evaluated and when appropriate, incorporated in the plan. All public comment is included with the final submission of the plan.

The finalized plan is signed by the Chair of the Chief Local Elected Officials’ Consortium and the Board Chair and then submitted to DETR.

The notice of the Four-Year Local Plan being available for public comment was published in the Las Vegas Review Journal, the Las Vegas Sun, El Tiempo, Pahrump Valley Times and the Lincoln County Record. Proof of publication is incorporated in Appendix C. The plan was posted for public comment from April 26, 2016 through May 27, 2016 on WC’s website and was available for review at the administrative offices, One-Stop Career Center, and Career Center Affiliate Sites. No public comments were received.
21. A description of how One-Stop Centers are implementing and transitioning to an integrated, technology-enabled intake and case management information system for programs carried out under this Act and programs carried out by One-Stop partners; and

In February of 2014, DETR began working on the procurement of a new Management Information System (MIS). The project was named Statewide Automated Workforce System (SAWS) and among its goals are common interface and intake for all statewide workforce agencies including the local boards. Once the new system is selected and installed, WC’s One-Stop Career Center and the affiliate sites will begin registering clients and services in SAWS.

The use of a common intake system will provide easier access, broader and higher quality skills assessment and improved career navigation for system customers. SAWS will also create a common interface between workforce agencies statewide. A common intake is a requisite for the WIOA requirement of aligning performance reporting across the core programs. SAWS will enable staff and clients to make informed, data-driven decisions with regards to education and/or workforce training programs.

22. Such other information as the Governor may require.

Not applicable at this time.

ATTACHMENT B – State-Required Certification

Regional/Local Workforce Plan Certification

The Local Workforce Development Board for the Southern Nevada Local Workforce Development Area certifies that it complies with all required components of Title I of the Workforce Innovation and Opportunity Act and Wagner-Peyser Act and plan development guidelines adopted by the State Workforce Development Board. The LWDB also assures that funds will be spent in accordance with the Workforce Innovation and Opportunity Act, Wagner-Peyser Act, and their regulations, written U.S. Department of Labor guidance implementing these laws, Office of Management and Budget circulars, and all other applicable Federal and State laws and regulations.

ATTACHMENT C – Public Comment

Based on and in alignment with the Unified State Plan submitted by the State to US DOL on March 3, 2016, the draft local plan is developed by WC in collaboration with its system partners and with intelligence gathered from the local elected officials, Board, committees and advisory panels. Membership includes representatives from business and labor organizations.

Weeks ahead of its release, WC publishes in local newspapers/publications a notice that the four-year local plan will soon be made available for public comment. The notice (attached to this plan) announces the beginning and end dates of 30 day comment period, where and when electronic and printed versions of the plan may be accessed, a plan summary and contact information.

Ahead of publication for public comment, an email blast is also sent out to local elected officials, Board, committees, advisory panels, program operators, NDE, DETR, DHHS and other partner agencies announcing the public comment period so that they can communicate their needs, offer perspectives, expertise and participate in the process. A draft of the entire local plan is then made available for comment for 30 days. Once the 30 day period expires, all public comment is evaluated and when appropriate, incorporated in the plan. All public comment is included with the final submission of the plan.

The finalized plan is signed by the Chair of the Chief Local Elected Officials’ Consortium and the Board Chair and then submitted to DETR.

The notice of the Four-Year Local Plan being available for public comment was published in the Las Vegas Review Journal, the Las Vegas Sun, El Tiempo, Pahrump Valley Times and the Lincoln County Record. Proof of publication is incorporated in this appendix. The plan was posted for public comment from April 26, 2016 through May 27, 2016 on WC’s website and was available for review at the administrative offices, One-Stop Career Center, and Career Center Affiliate Sites. No public comments were received.

Plan Summary

The proposed 4 Year Local Plan reflects WC's goals and strategies to comply with the requirements of the Workforce Connection Opportunity Act (WCOA). It builds on the goals of the Workforce Development Board in alignment with the Governor's vision for a "new Nevada." The plan ensures alignment of education, training, and other development services to improve the local workforce development system in support of Nevada's key industry sectors. The proposed 4 Year Local Plan covers the period of May 2, 2016 through June 30, 2020.

Questions regarding the proposed 4 Year Local Plan are to be directed to: Andrei Gelfand, Executive Director, Workforce Connections at (702) 638-8700 or via email at:

ATTACHMENT D – Designation Letter from the Governor

Office of the Governor
September 14, 2015

Lawrence Weekly
Clark County Commissioner and Workforce Connections Local Elected Official Chair
c/o Workforce Connections Council
6330 W. Charleston Blvd. #150
Las Vegas, NV 89146

Dear Commissioner Weekly,

I want to take this opportunity to applaud the achievements of the Workforce Connections Council continuing to successfully administer the provisions of the Workforce Investment Act (1998) in northern Nevada.

Pursuant to the Workforce Innovation and Opportunity Act of 2014 (WIOA), Title I, Chapter 2, Sec. 106(b)(2), and upon recommendation made by the Governor’s Workforce Development Board, I hereby approve the initial designation of the following counties as a local workforce development area within the State of Nevada: Clark, Esmeralda, Lincoln, Nye, Boulder City, Henderson, Las Vegas, and North Las Vegas. Furthermore, I hereby approve the initial designation of Workforce Connections to serve in its current capacity as the administrative entity for the local workforce development board.

I wish you and your Council continuing success in the development and facilitation of employment and training activities in the state of Nevada.

Sincere regards,

BRIAN SANDOVAL
Governor

#### Vision: "Full Employment for All Southern Nevadans"

#### Mission: "Connecting Employers to a Ready Workforce"
ATTACHMENT F – Draft Memorandum of Understanding
Southern Nevada Workforce Development Area

One-Stop Delivery System Memorandum of Understanding Between Workforce Connections (WC) And the One-Stop Delivery System Partners

I. Introduction

This Memorandum of Understanding (MOU) establishes the terms and conditions among the undersigned partners within the Southern Nevada Workforce Development Area (SNWDA) in their efforts to establish a cooperative working relationship and to define roles and responsibilities of all interested parties with respect to the implementation of a One-Stop Delivery System (OSDS or System). The SNWDA consists of the four counties of Clark, Esmeralda, Lincoln, and Nye, including the cities of Las Vegas, North Las Vegas, Henderson and Boulder City.

This MOU is consistent with the SNWDA four-year strategic compliance plan. This MOU will be reviewed and, if necessary, renegotiated after the State Unified Plan, Local Workforce Development Plan and final WIOA regulations are released.

All system partners physically located or co-located in WC’s comprehensive one-stop career center or affiliated sites, and all partners who may provide services through electronic means or formalized referral processes must be parties to this MOU.

II. Purpose

The purpose of the OSDS is to advance the economic well-being of the SNWDA by developing and maintaining a quality workforce and by serving as the focal point for local and regional workforce development initiatives. OSDS partners entering into this MOU elect to do so in order to achieve the following directives:

A. To establish cooperative and mutually beneficial partnerships between the system partners and others whose participation has been determined to be crucial to an effective OSDS.

B. To ensure parties to this MOU participate in the operation of the OSDS consistent with the terms of this MOU and requirements of Sec. 121 of the Workforce Innovation and Opportunity Act (WIOA).
C. To coordinate resources to prevent duplication and ensure the effective and efficient delivery of workforce development services in the SNWDA.

D. To establish joint processes and guidelines that will enable system partners to integrate service delivery resulting in a seamless and comprehensive array of education, training, and workforce development services within the SNWDA.

E. To ensure that the needs of workers, youth and individuals with barriers to employment, including individuals with disabilities, are addressed in providing access to services, technology and materials available through the OSDS.

III. Partners

A. Required Partners

WIOA is the authorizing legislation for a number of key programs in the SNWDA that are essential in establishing a high-functioning OSDS to serve the needs of both employer and job seeker customers. Additionally, for individuals with multiple needs or barriers to employment, WIOA outlines several other partner programs that are required to provide access through the OSDS.

1. Core Required Partners:
   a. Adult, Dislocated Worker, and Youth formula programs under Title I of WIOA
   b. Adult Education and Family Literacy Act programs under Title II
   c. Wagner-Peyser Employment Services programs under Title III
   d. Rehabilitation Act programs under Title IV

2. Additional Required Partners:
   a. Carl Perkins Career and Technical Education
   b. Community Services Block Grant
   c. Indian and Native American programs
   d. HUD Employment and Training programs
   e. Job Corps
   f. Local Veterans Employment Representatives and Disabled Veterans Outreach Program
   g. National Farmworker Jobs Program
   h. Senior Community Service Employment Program Title V
   i. Temporary Assistance for Needy Families
   j. Trade Adjustment Assistance programs
   k. Unemployment Compensation programs
   l. YouthBuild
   m. Second Chance Act Programs
B. Comprehensive One-Stop Career Center (OSCC) Operator

WC as the Local Workforce Development Board (LWDB), with the agreement of its Local Elected Officials (LEOs) and its Board, has designated, through a competitive procurement process, Arbor E&T, LLC d/b/a ResCare Workforce Services as the OSCC operator for the SNWDA. The comprehensive OSCC is located at: 6330 West Charleston Blvd., Suite 190, Las Vegas, NV 89146.

C. One-Stop Affiliate Sites Partners

In order to maximize access to the OSDS throughout the SNWDA, WC has established the One-Stop Affiliate Sites where programs, services and activities under WIOA are made available; however, affiliate site changes may be amended and revised as outlined in Attachment B.

D. Optional One-Stop Delivery System Partners

Although not required partners by WIOA, optional OSDS partners provide valuable employment, educational, training, and supportive services to customers of the OSDS and may be co-located in the OSCC or provide services through electronic means or formalized referral processes; however, optional OSDS partners may be amended and revised as outlined in Attachment C.

IV. Responsibilities of Workforce Connections

Pursuant to Section 107 (d) of WIOA, WC shall conduct planning and oversight of the OSDS. WC will promote and support the coordination and non-duplication of workforce development services by:

A. Developing and submitting to the Governor, in partnership with the LEOs, a local plan that meets all WIOA requirements.

B. Convening local workforce development system stakeholders.

C. Leading efforts to engage with a diverse range of employers to:

1. Promote business representation on the local board.
2. Develop effective linkages with employers to support employer utilization of the local workforce development system and support local workforce development activities.
3. Ensure that workforce development activities meet the needs of employers and support economic growth by enhancing communication, coordination and collaboration among employers, economic development entities, and service providers.
4. Develop and implement proven or promising strategies for meeting the employment and skill needs of workers and employers (such as the establishment of industry and sector partnerships), that provide the skilled workforce needed by employers in the region, and that expand employment and career advancement opportunities for workforce development system participants in in-demand industry sectors or occupations.

D. Leading efforts to develop and implement career pathways within the local area by aligning the employment, training, education, and supportive services that are needed by adults and youth, particularly individuals with barriers to employment.

E. Designating and certifying one-stop operators as described in Section 121(d)(2)(A) of WIOA and, when appropriate and necessary, terminating for cause the eligibility of such operators.

F. Serving as fiscal agent for the One-Stop Career Center operating and infrastructure expenses.

G. Coordinating activities with education and training providers in the local area, including providers of workforce development activities and providers of adult education and literacy activities under Title II of the WIOA.

V. Responsibilities of the Department of Employment, Training and Rehabilitation (DETR)

A. As the State’s workforce agency, DETR’s Wagner-Peyser and Unemployment Insurance programs deliver a wide array of employment services to job seekers of the OSDS including the following activities:

1. Coordinating and providing basic career services, particularly labor exchange services with the provision of Unemployment Insurance (UI) claimant services;
2. Administering the work search test, conducting eligibility assessments, registering UI claimants for employment services, and the provision of job finding and placement services; and
3. Referring and providing application assistance to UI claimants for training and education resources and programs.

B. DETR’s Vocational Rehabilitation program will assess, plan, and provide services to individuals with disabilities so that they may prepare for and engage in competitive integrated employment consistent with their unique strengths, priorities, concerns, abilities, capabilities, interests, and informed choice. The program uses their expertise to ensure that individuals with disabilities get the services they need through the OSDS and play a critical role in working with employers who are interested in hiring qualified individuals with disabilities.
VI. Responsibilities of the Department of Education (DOE)

The DOE’s Adult Education and Literacy program provides the following Adult Education and Family Literacy Act services and activities to job seekers of the OSDS including the following activities that improve access to education and training opportunities, as well as employment:

A. Assist adults to become literate and obtain knowledge and skills for employment and economic self-sufficiency;

B. Support the educational and skill achievement of parents and family members to participate in the educational development of their children and improve economic opportunities for families;

C. Assist immigrants and English learners in improving their English and math proficiency and understanding the rights and responsibilities of citizenship; and

D. Assist incarcerated individuals in strengthening their knowledge and skills to promote successful re-entry into society.

VII. Responsibilities of the One-Stop Operator and All Partners

Parties to this MOU agree to deliver highly coordinated services that are essential for all customers. Given the complexity of the workforce development system and the wide range of services available to businesses and job seekers, it is necessary that system partners, agencies, and organizations contribute and maintain a network of robustly coordinated services across the community that are accessible at multiple points and in a seamless approach.

The following elements must be incorporated:

A. Seamless customer flow between programs, whereby all information will be accessible to avoid duplication of services to the extent permitted by regulations requiring confidentiality of participant records.

B. High standards for quality of service and customer experience for all individuals seeking assistance through the OSDS, which will include:

1. All system partners being listed as a source for applicable referrals for services rendered to customers.
2. All system partners working in a safe and professional environment.
3. System customers receiving prompt and courteous service from staff.
4. System partners promoting further integration of programs through joint planning at the State and local level.
5. System partners participating in the identification of best practices/strategies to improve coordination and integration of resources, programs and services.
6. System partners measuring program performance and sharing such information with the other system partners as requested.
7. System partners actively participating in the operation of the system consistent with the terms of this MOU and within the scope of legislative requirements governing the parties’ respective programs, services, and agencies/organizations.

C. A systematic referral process in which all partners are knowledgeable of each other’s appropriate contact information and point(s) of contact, and includes follow-up to ensure that customers received appropriate services and that referral outcomes can be tracked and recorded.

D. Promotion of co-enrollment of participants across programs and funding streams in order to coordinate and leverage resources and facilitate the interdependence that is at the core of an integrated system.

E. For WIOA funded programs, priority of services must be established at the time of eligibility determination and will not change during the participation period:

1. Veterans and eligible spouses who are also included in the groups given statutory priority for WIOA adult formula funds. This means that veterans and eligible spouses who are also recipients of public assistance, are low-income individuals, or are basic skills deficient will receive first priority of services provided with WIOA adult formula funds;
2. Non-covered Persons (individuals who are not veterans or eligible spouses) who are included in the groups given priority for WIOA adult formula funds;
3. Veterans and eligible spouses who are not included in WIOA’s priority groups;
4. Non-covered persons outside the groups given priority under WIOA.

VIII. Integrated Service Delivery

The parties to this MOU agree to conduct the following activities:

A. Provision of universal access to career services, which shall be available to individuals through the OSDS and shall, at a minimum, include access to:

1. Determinations of eligibility for services under Title I of WIOA for those OSDS partners funded by WIOA.
2. Outreach, intake and orientation to the information and other services available through the OSDS.
3. Initial assessments of skill levels including literacy, numeracy, and English language proficiency, as well as aptitudes, abilities, and supportive service needs.
4. Labor exchange services, including job search and placement assistance, career counseling when determined to be appropriate, provision of information on in-demand sectors and non-traditional employment, and appropriate recruitment and other business services on behalf of employers.
5. Referrals to and coordination of activities within the OSDS and other workforce development programs.
6. Workforce and employment statistics information, including the provision of accurate information relating to local, regional, and national labor market areas including job vacancy listings, information on job skills necessary to obtain employment and information on local in-demand occupations and the earnings and skill requirement for such occupations.
7. Performance and program cost information on eligible providers of training services.
8. Information, in formats that are usable by and understandable to customers, regarding how the local area is performing on the local performance accountability measures.
9. Information, in formats that are usable by and understandable to customers, relating to the availability of supportive services in the local area and appropriate referrals to those services.
10. Information and assistance regarding the filing of claims for unemployment compensation including meaningful assistance by on-site properly trained staff.
11. Information relating to and assistance in establishing eligibility for programs of financial aid assistance and education programs.

B. Provision of the career services that are applicable to their respective programs and appropriate for the customer being referred and shall include access to:

1. Comprehensive and specialized assessments of the skill levels and service needs of adults and dislocated workers including diagnostic testing and assessment tools and in-depth interviewing and evaluation to identify employment barriers and appropriate employment goals;
2. Development of an individual’s employment plan, to identify the employment goals, achievement goals, and combination of services for the participant;
3. Groups and/or individual counseling and mentoring;
4. Career planning (case management);
5. Short-term pre-vocational services including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct;
6. Internships and work experiences that are linked to careers;
7. Workforce preparation activities that help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self management skills;
8. Financial literacy skills;
9. Out-of-area job search assistance and relocation assistance; and
10. English language acquisition and integrated education and training programs.

C. Provision of follow-up services must be provided as appropriate for participants who are placed in unsubsidized employment, for up to 12 months after the first day of employment including counseling about the workplace.

D. Training Services may be provided if partners determine, after an interview, evaluation or assessment and career planning that the individual is unlikely or unable to obtain or retain employment, is in need of training services, and has the skills and qualifications to successfully participate in the selected program of training services. Training services must be provided through an Individual Training Account and be linked to in-demand employment opportunities. Selection of training services should maximize customer choice, be linked to in-demand occupations, provide training provider performance, and coordinate funding with other sources.

E. Participate in joint planning and staff/professional development opportunities.

IX. Resource Sharing

An interim Resource Sharing Agreement effective retroactive to July 1, 2015 is outlined in Attachment A of this MOU and will continue in force until a final resource sharing agreement is developed. Each partner’s payment of a portion of the operating and infrastructure costs of the OSCC is either in cash or through in-kind services methodology that must be approved by WC. This interim Resource Sharing Agreement must be amended once a final infrastructure cost plan is determined.

Partners to this MOU agree to share in the funding of operating costs of the OSDS, including payment of a portion of the infrastructure costs of the OSCC, as spelled out in WIOA Section 121(c)(2)(A)(ii), either in cash or through in-kind services methodology that must be approved by WC. WC will lead the SNWDA collaborative process required to develop a local one-stop funding mechanism which will result in a final resource sharing agreement that ensures the costs of services, operating cost, and infrastructure costs of the system will be funded by all partners based upon formula or plan. WC and OSDS partners will ensure that shared costs are supported by accurate data, the shared costs are consistently applied over time, and the methodology used in determining the shared costs are reflected in the final Resource Sharing Agreement.

Section 121(h) of WIOA requires that all required one-stop partners use a portion of their funds to maintain the one-stop delivery system, including payment of a portion of the infrastructure costs of one-stop centers. This requirement is based on the premise that joint funding of one-stop infrastructure is a necessary foundation for an integrated service delivery system. Specifically, partner funding of infrastructure costs is intended to: maintain the one-stop delivery system to meet the needs of the local areas; reduce
duplication by improving program effectiveness through the sharing of services, resources, and technologies among partners; reduce overhead by streamlining and sharing financial, procurement, and facilities costs; encourage efficient use of information technology to include, when possible, the use of machine readable forms and shared management systems; ensure that costs are appropriately shared by one-stop partners by basing contributions on proportional share of use; and ensure that services provided by the OSDS partners to reduce duplication or to increase financial efficiency at the one-stop centers are allowable under the partner’s program.

X. Performance Accountability

A. Data Access

WIOA partners will utilize a common management information system (MIS) currently under development by DETR and WC. Where other OSDS partners are utilizing a different proprietary MIS, shared information and data agreements will be utilized to support access to information between the partners as allowed by authorizing law and regulations.

B. Continuous Improvement

The One-Stop Operator will assess Center operations to ensure continuous improvement to highlight the One-Stop Career Center’s ability to meet customer expectations.

C. Monitoring by Workforce Connections

Workforce Connections will monitor annually and perform desk reviews on an as needed basis to evaluate the effectiveness of the local One-Stop Delivery System and partner services located in the One-Stop Career Center and Affiliate Sites including qualitative and quantitative program analysis of program goals, performance, success indicators, outcomes, cost efficiencies, seamless delivery, partner collaboration, and customer satisfaction.

D. Customer Satisfaction

The system partners will measure the success of the OSDS in ensuring business and jobseekers are highly satisfied with the workforce development system services and activities via customer satisfaction surveys.

XI. Term and Termination of this MOU

The term of this MOU shall be effective ___________ and terminate June 30, 2018 and reviewed at least once during the effective term of this MOU, unless otherwise terminated by action of law or as permitted in this MOU and/or as amended.
The Local Workforce Development Board (LWDB), with the agreement of the local elected official, may terminate this MOU upon 30 days’ written notice to the Partners, or to a single Partner with or without cause. Cause includes, but is not limited to:

A. Failure to meet required performance standards;
B. Failure to comply with this MOU; or
C. Failure to comply with policies and standard operating procedures as established under the authority of the LWDB.

One-Stop Delivery System Partners and WC may mutually agree in writing to extend the term of this MOU, unless sooner terminated by either party. Each MOU entered into between WC and any OSDS partner will be reviewed no less than once every three years to ensure appropriate funding and delivery of services.

XII. Entire Memorandum of Understanding

This MOU constitutes the entire MOU between the parties hereto. This is the entire MOU between the parties and supersedes all prior MOUs between the parties concerning the subject of this MOU. If any provision of this MOU is found to be unenforceable for any reason, all remaining provisions of the MOU shall remain in full force and effect. This MOU may be amended or supplemented only in writing and signed by the parties. No waiver of any of the provisions of this MOU will be deemed, or will constitute a waiver of any other provision, whether or not similar, nor will any waiver constitute a continuing waiver. No waiver will be binding unless executed in writing by the party making the waiver.

XIII. Modification and Termination of Participation

This MOU may be modified, altered, revised, extended or renewed by mutual written consent of all parties, by the issuance of a written amendment, signed and dated by all the parties. Submission of a revised MOU does not require a modification to the local plan. Any party to this MOU may terminate their participation in this MOU by giving prior written notice of at least 30 calendar days of the intent to terminate to the other parties and the LWDB.

XIV. Confidentiality

Each party shall keep confidential all information, in whatever form, produced, prepared, observed or received from any of the parties to the extent that such information is confidential by law or otherwise required by this MOU. OSDS partners must take the steps necessary to ensure the privacy of all Personal Identifiable Information (PII) obtained from customers and/or other individuals and to protect such information from unauthorized disclosure. System partners agree to fully comply
with data confidentiality, and will develop procedures that will describe processes to share customer information.

XV. Severability

If any provision contained in this MOU is held to be unenforceable by a court of law or equity, this MOU shall be construed as if such provision did not exist and the non-enforceability of such provision shall not be held to render any other provision of this MOU unenforceable.

XVI. Insurance

All parties agree to maintain in full force and effect during the term of this MOU and any extension thereof, commercial general liability insurance, or self-insurance, with the limits of not less than $1,000,000 single limit coverage per occurrence for bodily injury, personal injury and property damage. Upon request of any other party, a party shall provide an appropriate certificate evidencing such insurance, or self-insurance, to the requesting party.

XVII. Indemnification/Hold Harmless

Each party hereby agrees to indemnify, defend and hold harmless all other parties to this MOU from and against all claims, demands, damages and costs arising out of or resulting from any acts or omissions which may arise from the performance of the obligations by such indemnifying party pursuant to this MOU. It is understood and agreed that all indemnity provided herein shall survive the termination of this MOU.

XVIII. Equal Employment Opportunity

Equal Employment Opportunity has been, and will continue to be, a fundamental principle of the SNWDA, where employment is based upon personal capabilities and qualifications without discrimination because of race, color, religion, sex, age, national origin, mental or physical disability, sexual orientation, veteran status or any other characteristic protected by applicable federal, state or local law. All such discrimination is unlawful and all persons involved in the operation of the OSDS are prohibited from engaging in this type of conduct.

XIX. Non-Discrimination

OSDS partners assure that they will fully comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352), which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of handicaps; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C.
'794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255) as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616) as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) Sections 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. 290 dd.3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. 3601 et seq.) as amended, relating to nondiscrimination in the sale, rental or financing of housing; (I) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other non-discrimination statute(s) which may apply to the application.

XX. Veterans Priority

Parties to this MOU will comply with Veterans Priority Provisions. System partners are subject to the provisions of the “Jobs for Veterans Act” (JVA), PL 107-288 (37 USC 4216), as implemented by Title 20 of the Code of Federal Regulations Part 1010.

XXI. Disabilities Services

Parties to this MOU will comply with Title 29 of the Code of Federal Regulations Parts 37.7 through 37.10, and will assure that the following is provided, to the extent possible, within the OSDS:

A. Programs and activities are physically, as well as programmatically, accessible to individuals with disabilities.

B. System partners’ offices and affiliated sites shall be designed to accommodate the needs of physically and mentally handicapped individuals, as appropriate.

C. Programs and activities, when viewed in their entirety, shall be accessible.

XXII. Dispute Resolution

Should any dispute or grievance require resolution, the steps outlined should be followed. Parties shall continue with their responsibilities under this MOU during any period of dispute or disagreement. Disputes shall be resolved in a timely manner, directly involving the One-Stop Operator and Workforce Connections, as appropriate. Should any disputes or disagreements require discussion and resolution, applicable steps as required by Workforce Connections and WIOA, and other applicable authorizing Acts and laws shall be followed.
XXIII. Incorporated Documents

This Agreement incorporates the following attachments:

Attachment A: Southern Nevada Workforce Development Area
One-Stop Career Center
Interim Resource Sharing Agreement
Effective Retroactive to July 1, 2015

Attachment AA: Southern Nevada Workforce Development Area
One-Stop Career Center
PY2015 Shared Costs – Budget and Narrative
Effective Retroactive to July 1, 2015

Attachment AB: In-kind Costs

Attachment B: One-Stop Affiliate Sites Partners

Attachment C: Optional One-Stop Delivery System Partners

XXIV. Proper Authority

The parties hereto represent and warrant that the person executing this MOU on behalf
of each party has the full power and authority to enter into this MOU and that the
parties are authorized by law to perform the services set forth herein.

By signing individual copies of this MOU, all parties agree that the provisions contained
herein are subject to all applicable Federal, State and local laws, regulations and
guidelines relating to nondiscrimination, equal opportunity, maintenance of records
and other confidential information regarding the OSDS customers.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be signed and
intend to be legally bound thereby.

Optional One-Stop Delivery System Partners
(As of December 20, 2015)

Although not required partners by WIOA, optional OSDS partners provide valuable employment, educational, training, and supportive services to customers of the OSDS and may be co-located in the OSCC or provide services through electronic means or formalized referral processes. The following list of optional OSDS partners may be amended and revised as WC determines it necessary to add new partners whose participation has been determined to be crucial to an effective OSDS:

- Armed Forces Services Corporation
- Basic Community Services
- Clark County Social Services
- College of Southern Nevada
- Community Services of Nevada
- Desert Rose High School
- Financial Guidance Center
- Manpower, Inc. of Southern Nevada
- Moving Forward Learning Centers
- NV Department of Corrections
- Nevada Beyond Yellow Ribbon
- Nevada Hospital Association
- Nevada State College
- New Growth Nevada Corporation (Community Services Agency)
- Professional Institute of Technology and Accounting (PITA)
- Quality Investigations QI Security Services
- Salvation Army
- Southwest Truck Driver Training
- The Learning Center
- Three Square
- UNLV Division of Educational Outreach
- Vegas PBS
Southern Nevada Workforce Development Area

One-Stop Career Center Partner Agreement
Between Arbor E&T, LLC d/b/a ResCare Workforce Services
and the
One-Stop Career Center Partners

I. Purpose

The purpose of this agreement is to outline the services provided in the One-Stop Career Center (OSCC) and how each partner contributes to these services. All partners in the OSCC agree:

A. To deliver a high-quality, consistent set of services to jobseeker and employer customers.
B. To ensure a mix of services that allows the system to serve a diverse customer base.
C. To coordinate services and funding to support customer access to and success in postsecondary education.
D. To support customers progress toward economic self-sufficiency.
E. To promote industry sector and employer-driven strategies.
F. To maintain and consistently improve the integration of services and service providers within the OSCC and the system.
G. To ensure high levels of accountability, cost-efficiency, and innovation to maximize resources and customer satisfaction.
H. To adopt innovative approaches for service delivery using national best practices.
I. To collaborate and communicate on a regular basis to review quality of service and performance.
J. To ensure that all customers will be made aware of all the programs and services for which they may be eligible.

II. Responsibilities of the One-Stop Operator and Partners

A. Partner Responsibilities

The Workforce Innovation and Opportunity Act (WIOA) describes the OSCC as “a physical location where jobseeker and employer customers can access the programs, services and activities of all required one-stop partners.” The responsibilities of the OSCC partners are:
1. To provide Career Services (Basic and Individualized);
2. To provide workforce and labor market information; and
3. To provide access to training services.

B. One-Stop Operator Responsibilities

Arbor E&T, LLC d/b/a ResCare Workforce Services (RWS) will provide the leadership, foundation and tools to ensure the standardization of service delivery through the OSCC. Talent Delivery is comprised of three functional areas:

1. **Talent Solutions for Business** – this function is responsible for talent fulfillment by building business relationships, understanding business needs, communicating those needs to OSCC team, and connecting qualified candidates to employment opportunities. Where business needs cannot be met by existing career center candidates, the team shall source for candidates utilizing a variety of tools, relationships and events designed to recruit potential job candidates not currently engaged with the OSCC.

2. **Talent Engagement** – this function is responsible for engaging customers, providing information on career center services, determining level of need, assisting with navigating self-help resources, and guiding customers to the right next service.

3. **Talent Development** – this function is responsible for providing individualized assistance, usually one-on-one that includes a comprehensive assessment, career planning, coaching through and celebrating plan achievements and leveraging other community resources.

III. Term and Termination of this Agreement

This Agreement will be effective retroactive to July 1, 2015 and terminate June 30, 2018 and reviewed at least once during the effective term of this Agreement, unless otherwise terminated by action of law or as permitted in this Agreement and/or as amended. The Local Workforce Development Board (LWDB), with the agreement of the local elected official, may terminate this Agreement upon 30 days’ written notice to the OSCC Operator and/or Partners, or to a single Partner with or without cause. Cause includes, but is not limited to:

A. Failure to meet required performance standards;

B. Failure to comply with this Agreement; or

C. Failure to comply with policies and standard operating procedures as established under the authority of the LWDB.
IV. **Entire Agreement**

This Agreement constitutes the entire agreement between the parties hereto. This is the entire agreement between the parties and supersedes all prior agreements between the parties concerning the subject of this Agreement. If any provision of this Agreement is found to be unenforceable for any reason, all remaining provisions of the Agreement shall remain in full force and effect. This Agreement may be amended or supplemented only in writing and signed by all parties. No waiver of any of the provisions of this Agreement will be deemed, or will constitute a waiver of any other provision, whether or not similar, nor will any waiver constitute a continuing waiver. No waiver will be binding unless executed in writing by the party making the waiver.

V. **Modification and Termination of Participation**

This Agreement may be modified, altered, revised, extended or renewed by mutual written consent of all parties, by the issuance of a written amendment, signed and dated by all the parties. Any party to this Agreement may terminate their participation in this Agreement by giving prior written notice of at least 30 calendar days of the intent to terminate to the other parties and the LWDB.

VI. **Dispute Resolution**

Should any dispute or grievance require resolution, the steps outlined should be followed. Parties shall continue with their responsibilities under this Agreement during any period of dispute or disagreement. Disputes shall be resolved in a timely manner, directly involving the OSCC Operator and the LWDB, as appropriate. Should any disputes or disagreements require resolution, applicable steps as required by the LWDB, WIOA, and other applicable authorizing Acts and laws shall be followed.

VII. **Compliance Reference Documents**

All parties to this Agreement will abide by state and federal grant requirements, including, but not limited to nondiscrimination, accessibility, the federal lobbying act, state and federal debarment, in accordance with policies and guidelines developed and distributed by the Department of Labor.

The parties to this Agreement agree to comply with the following referenced documents:

A. Workforce Innovation and Opportunity Act and any revisions or compliance requirements;
B. Workforce Connections policies and procedures;
C. Southern Nevada Local Workforce Development Board plan;
D. Southern Nevada Local Workforce Development Area One-Stop Delivery System MOU;
E. Local Resource Sharing Agreements; and
F. Individual partner policies and procedures as they pertain to service delivery in the OSCC.

VIII. Incorporated Documents

This Agreement incorporates the following attachments:

Attachment A: Southern Nevada Workforce Development Area One-Stop Career Center Interim Resource Sharing Agreement Effective Retroactive to July 1, 2015

Attachment AA: Southern Nevada Workforce Development Area One-Stop Career Center PY2015 Shared Costs – Budget and Narrative Effective Retroactive to July 1, 2015

Attachment AB: In-kind Costs

IX. Proper Authority

The parties hereto represent and warrant that the person executing this Agreement on behalf of each party has the full power and authority to enter into this Agreement and that the parties are authorized by law to perform the services set forth herein.

By signing individual copies of this Agreement, all parties agree that the provisions contained herein are subject to all applicable Federal, State and local laws, regulations and guidelines relating to nondiscrimination, equal opportunity, maintenance of records and other confidential information regarding the OSDS customers.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be signed and intend to be legally bound thereby.

ATTACHMENT G – Draft Resource Sharing Agreement
Southern Nevada Workforce Development Area

One-Stop Career Center
Interim Resource Sharing Agreement

I. Introduction

This Interim Resource Sharing Agreement (RSA) is entered into pursuant to the Memorandum of Understanding (MOU) by and among Southern Nevada Workforce Development Board and the Southern Nevada One-Stop Delivery System signatory partners (OSDS Partners) and the One-stop Career Center Partner Agreement Between Arbor E&T, LLC d/b/a ResCare Workforce Services (RWS) and One-Stop Career Center Partners (OSCC Agreement). OSDS partners that have worksites established within the physical One-Stop Career Center will share operating and infrastructure costs of the One-Stop Career Center. As set forth in this agreement, specific costs to be shared will be delineated in the One-Stop Career Center Budget and Narrative in Attachment AA.

II. Term of this Agreement

The term of this Interim Resource Sharing Agreement is effective retroactive to July 1, 2015, and will continue in force until a final resource sharing agreement is developed. Each OSCC Partner’s payment of a portion of the operating and infrastructure costs of the OSCC is either in cash or through in-kind services methodology that must be approved by Workforce Connections (WC) and One-Stop Operator. This interim Resource Sharing Agreement must be amended once a final infrastructure cost plan is determined.

III. Indirect Cost Operating Budget

The indirect cost operating budget is set forth in Attachment AA, as approved by the Southern Nevada Workforce Development Area’s Local Elected Officials Consortium (LEOs) plus additional shared costs incurred by the One-Stop Career Center Operator. Any anticipated expenditure that will create an increase of 5% or more to the total indirect cost operating budget amount will require an amendment to this interim Agreement’s operating budget prior to incurring the expenditure.
IV. Indirect Cost Operating Budget Cost Allocation Method

Pursuant to the MOU and OSCC Agreement, it is agreed that each non-WIOA (Workforce Innovation and Opportunity Act) funded OSCC Partner shall pay its allocated share of indirect operational costs with cash or through in-kind services methodology that must be approved by WC and One-Stop Operator. All One-Stop Career Center allocated operating costs must be approved by the Southern Nevada Workforce Development Board’s executive director. Such indirect costs are costs that have been incurred for common or joint purpose and cannot be directly attributable/identifiable to one or more One-Stop Career Center Partner.

Costs will be allocated using the seat allocation method for those OSCC Partners who have worksites established within the physical One-Stop Career Center. As such, Attachment AA shall set forth the cost allocation percentages chargeable and identified to each OSCC Partner.

V. Invoicing and Payments

For all partners who have worksites established within the physical One-Stop Career Center, it is agreed that on behalf of the Southern Nevada Workforce Development Area Local Elected Officials Consortium, Workforce Connections and Arbor E&T, LLC d/b/a ResCare Workforce Services will invoice OSCC Partners for all direct, indirect and/or shared operational costs that are due the Southern Nevada Workforce Development Area. Payment is to be made to Workforce Connections within 30 days of receipt of invoice. Appropriate credits and debits will be applied to the Workforce Innovation and Opportunity Act (WIOA) cost share accounts when adjustments are necessary.

All payment is to be made to:

Workforce Connections
Financial Department
6330 W. Charleston Blvd., Suite #150
Las Vegas, Nevada 89146

VI. Development of a Final Resource Sharing Agreement

All OSDS Partners to the MOU agree to share in the funding of operating costs of the OSDS, including payment of a portion of the infrastructure costs of the OSCC, as spelled out in WIOA Section 121(c)(2)(A)(ii), either in cash or through in-kind services methodology that must be approved by WC. WC will lead the SNWDA
collaborative process required to develop a local one-stop funding mechanism which will result in a final resource sharing agreement that ensures the costs of services, operating costs, and infrastructure costs of the system will be funded by all partners based upon formula or plan. WC and OSDS partners will ensure that shared costs are supported by accurate data, the shared costs are consistently applied over time, and the methodology used in determining the shared costs are reflected in the final Resource Sharing Agreement.

Section 121(h) of WIOA requires that all required one-stop partners use a portion of their funds to maintain the one-stop delivery system, including payment of a portion of the infrastructure costs of one-stop centers. This requirement is based on the premise that joint funding of one-stop infrastructure is a necessary foundation for an integrated service delivery system. Specifically, partner funding of infrastructure costs is intended to:

A. Maintain the one-stop delivery system to meet the needs of the local areas;
B. Reduce duplication by improving program effectiveness through the sharing of services, resources, and technologies among partners;
C. Reduce overhead by streamlining and sharing financial, procurement, and facilities costs;
D. Encourage efficient use of information technology to include, when possible, the use of machine readable forms and shared management systems;
E. Ensure that costs are appropriately shared by one-stop partners by basing contributions on proportional share of use; and
F. Ensure that services provided by the OSDS partners to reduce duplication or to increase financial efficiency at the one-stop centers are allowable under the partner’s program.

VII. Incorporated Documents

This Agreement incorporates the following attachments:

Attachment AA: Southern Nevada Workforce Development Area
One-Stop Career Center
PY2015 Shared Costs – Budget and Narrative
Effective Retroactive to July 1, 2015

Attachment AB: In-kind Costs

VIII. Proper Authority

The parties hereto represent and warrant that the person executing this Agreement on behalf of each party has the full power and authority to enter into this Agreement and that the parties are authorized by law to perform the services set forth herein.
By signing individual copies of this Agreement, all parties agree that the provisions contained herein are subject to all applicable Federal, State and local laws, regulations and guidelines relating to nondiscrimination, equal opportunity, maintenance of records and other confidential information regarding the OSDS customers.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be signed and intend to be legally bound thereby.

One-Stop Career Center
PY2015 Shared Costs – Budget Narrative

Shared costs are defined as those actual costs related to full operation of the LWDB’s One-Stop Career Center including infrastructure costs in which all WIOA required partners receive benefit. Shared costs are borne by all required partners that deliver program services throughout the LWDB’s One Stop Delivery System and/or through the One Stop Career Center; partners do not have to be co-located. These costs may include the following:

6500 - Salaries: $229,092 – Allocated costs for Workforce Connections and One-Stop Career Center Operator administrative and program staff salaries.

Workforce Connections $  53,179  
(includes portions of IT, Facility, Finance, and Executive Staff)

One-Stop Operator $167,913  
(includes 3 Full-time Talent Engagement Specialists, 10% of Project Director, 10% of Office Manager and 25% of Project Accountant)

7000 - Accounting and Auditing: $5,000 – Allocated costs for the A-133 audit as well as extended accounting, financial consulting, and technical support.

A-133 Audit $ 5,000

7025 Dues and Subscriptions: $1,000 – Allocated costs for memberships in trade and technical associations that benefit Workforce Connections’ outreach and oversight initiatives. They offer valuable key contacts for workforce/economic development and technical information support.

7030 Postage and Delivery: $6,000 – Allocated costs for postage and mail delivery including such activities as routine postage, courier delivery service, and Federal Express delivery.

7035 Printing and Reproduction: $4,500 – Ancillary copying and printing costs associated with the One-Stop Career Center daily operations.

7040 Office Supplies: $22,500 – Allocated costs for various office supplies needed for daily operations.
7045  Systems Communications: $25,500 – Allocated costs for support systems such as data backup, T-1 computer lines, and web hosting for internal e-mail support.

- Broadband/Cable  $12,500
- Queuing Systems  $11,000
- Telephone System  $  1,500

7050  Training and Seminars (Staff): $3,000 – Allocated costs for local and out-of-town staff training and seminars for both local and out-of-town locations for fiscal and programs.

7055  Travel and Mileage (Staff): $2,000 – Allocated costs for local mileage and out-of-town staff travel for grant related matters, State and USDOL sponsored training and conferences.

7060  Utilities: $30,000 – Allocated costs for utilities.

- NV Energy Power  $23,500
- Southwest Gas  $  3,500

7065  Telephone: $2,700 – Allocated costs for all activities related to telephone services including local and long distance phone charges and wireless communication.

- Long Distance  $  2,200

7070  Rent (Offices): $146,000 – Allocated costs for Workforce Connections’ office space for staff in support of the Board’s administrative and programmatic functions.

- Charleston Festival  $146,000

7075  Facilities Maintenance: $100,025 – Allocated costs for equipment, security and facility repairs and maintenance.

- Security Services  $65,000
- Janitorial Services  $17,000
- Facility Repairs  $  6,000
- Facility Supplies  $  3,500
- Security Access Card  $  1,500
- Pest Control  $  500
- Shredding  $  500

7080  Admin Support Contracts: $6,000 – Allocated costs for administrative support agreements, HR consultant and temporary staffing with focus on administrative, fiscal, and personnel management.
7085A Program Support Contracts: $20,000 – Allocated costs for program support training agreements.

Web Development $20,000

7090 Non-Board Meetings and Outreach: $1,800 – Allocated costs for business and employer outreach initiatives to attract businesses and establish partnerships for workforce development and employer services.

7100 Insurance: $12,900 – Allocated costs for One-Stop Career Center anticipated liability insurance costs for general business liability and auto.

7100-7120 Employee Fringe Benefits: $53,875 – Allocated costs for employee benefits including medical, dental, life insurance, and Public Employees Retirement System (PERS) contributions. A rate of 35% of the total salaries is used to calculate the fringe benefits for Workforce Connections staff and 21% for One-Stop Operator staff.

7125 Employer Payroll Taxes: $1,595 – Allocated costs for employer payroll taxes which are calculated at 3% of total salaries.

7130-7135 Bank/Payroll Services: $950 – Allocated costs for various banking services which include wire transfers, ACH payments, and payroll services.

7200 Equipment – Operating Leases: $45,500 – Allocated costs for existing leases on copiers and postage meter equipment as well as any rental equipment needed in daily operations.

Canon Copiers $45,000

8500 Capital – Equipment and Furniture: $7,750 – Allocated costs for equipment and furniture including computers, servers, and furniture for administrative and programmatic support staff.

3-year Computer and Server Replacement $7,000

GASB Depreciation: $140,000 – Depreciation is the method for allocating the cost of fixed assets including Tenant Improvements for the One-Stop Career Center to periods benefitting from asset use.

8900 Strategic Initiatives: $125,000 – These funds are available to be allocated for future workforce initiatives approved by the Board and to ensure adequate funding in the first quarter of the next program year.
Appendix AB

In-kind Costs

While it is understood that offsite and onsite Partners are responsible for shared costs since they derive a benefit from One-Stop Career Center (OSCC) services, it is sometimes necessary and permissible to offset the cash payment of those costs with in-kind costs. This document provides guidelines for in-kind costs and some examples of those that may or may not be included to assist each partner in identifying their own in-kind resources. Examples are not intended to be comprehensive and each partner’s in-kind resources and costs will be reviewed individually and are subject to approval.

In-kind costs must be shared goods and/or services that benefit multiple partners such as infrastructure costs, intake costs, resource room costs, business services, workshops, etc. Shared costs must be proportionally distributed to those programs that benefit.

In-kind Request Process

A partner’s request to pay a portion of the shared operating and infrastructure costs of the OSCC through in-kind methodology including examples of in-kind goods, services and/or activities must be requested in writing at least once each program year and approved in advance by the One-Stop Operator and Workforce Connections (WC). In-kind resources may be submitted for review and approval anytime during the program year with 30 days advanced notice prior to requested date of utilization. The approved amount based on the method of calculation of market value is an estimate; actual in-kind costs will be documented as a portion of the monthly payment due for shared costs.

Documentation of Actual In-kind Costs

The partner must provide adequate source documentation to support OSCC/WC approved actual in-kind costs used to offset a portion of the required monthly invoice payment. Source documentation includes, but is not limited to, invoices; proof of payment; time sheets for paid employees or third party volunteers; and/or proof of receipt of goods or services by the OSCC. In-kind costs are limited to actual offsetting shared costs incurred during the same program year (July 1 through June 30).

Determining the Market Value of In-kind Costs

Following are examples of in-kind calculations of the market value of in-kind costs. Each approved in-kind partner request will include a determination of method of calculation (§ 200.306/§ 200.434).
**Paid Staff** – When a partner furnishes the services of an employee for approved in-kind services (such as career services and mobile-one stop or rapid response events), these services must be valued at the employee’s regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable, and indirect costs at either the organization’s approved federally negotiated indirect cost rate or 10% de minimis rate (§ 200.414) provided these services employ the same skill(s) for which the employee is normally paid.

**Professional Services Volunteers** – Volunteer services furnished by third-party professional and technical personnel, consultants, and other skilled labor may be counted as cost sharing if the service is integral and necessary to the OSCC shared cost budget. Rates for third-party volunteer services must be consistent with those paid for similar work by the OSCC. Paid fringe benefits that are reasonable, necessary, allocable, and otherwise allowable may be included in the valuation.

**Unpaid Volunteers** – Unpaid volunteers providing on-site services such as assistance in the resource room or intake or off-site services is valued at $19.81 per hour for Nevada (reported for 2014 at independentsectors.org).

**Paid Volunteers** – When a third-party organization furnishes the services of an employee, these services must be valued at the employee’s regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable, and indirect costs at either the third-party organization’s approved federally negotiated indirect cost rate or 10% de minimis rate (§ 200.414) provided these services employ the same skill(s) for which the employee is normally paid.

**Goods and Equipment** – Donated property from partners or third parties may include such items as equipment, office supplies, or workshop and classroom supplies. The value assessed to donated property must not exceed the fair market value of the property at the time of the donation.

**In-kind Costs are Necessary, Reasonable, Allowable, and Allocable**

The partner accepts all responsibility for ensuring the use of in-kind costs to offset shared costs is not prohibited by the partner’s governing statute or regulations and meets all federal, state, and local guidelines.

**In-kind Costs must be Necessary and Reasonable** – A partner may request approval to use in-kind costs to offset a portion of monthly shared costs which are ordinary and necessary goods or services for the operation of and provision of shared services in the OSCC and typically are included in the OSCC shared budget. These goods or services would have been purchased or procured by the OSCC if not contributed in-kind by a partner or third-party. The market value of the in-kind cost must be reasonable and will be determined based on market prices for...
comparable goods or services for the geographic area and other considerations of § 200.404.

In-kind Costs must be Allowable – In-kind costs may be used only as resources to pay for the partner’s portion of shared costs if their use is not prohibited by the agency’s governing statute or regulations. Allowable costs must meet the following general criteria: (a) be reasonable for the performance of the OSCC and be allocable; (b) conform to any limitations or exclusions set forth in 2 CFR Part 200 principles or in the grant award as to types or amount of cost items; (c) be consistent with policies and procedures that apply uniformly to both federally financed and other activities of the organization; (d) be accorded consistent treatment; (e) be determined in accordance with generally accepted accounting principles (GAAP); (f) not be included as a cost or used to meet cost sharing or matching requirements of any other federally financed program in either the current or a prior period; and (g) be adequately documented (§ 200.403).

In-kind Costs must be Allocable – In-kind costs are allocable when they clearly benefit multiple partners and/or programs of the OSCC. In order to be allocable to shared costs, in-kind costs must be treated consistently with like costs, incurred specifically for multiple programs and be distributed in reasonable proportion based on the resource sharing agreement (TAG Manual Part I).

Examples of In-kind Costs

In-kind goods, services and activity costs may include, but are not limited to:

- Provision of necessary job preparation workshops for potential, systematically/formally referred, and/or enrolled participants of the OSCC;
- Staff assistance providing career services such as in the resource room or intake;
- Referrals to the One-Stop Career Center (services provided to existing or future participants of the OSCC);
- Information and orientation presentations regarding one-stop delivery system services for potential, systematically/formally referred, and/or enrolled participants of the OSCC;
- Active participation in the planning and execution of job fairs;
- Mobile one-stop event participation and/or Rapid Response events;
- Software (OSOS/SAWS, web-based, WorkKeys, Woofound Self-Assessment);
- Volunteers (whether or not a cost is incurred);
- Providing and/or occupying work space and providing services at a seated partner location; or
- Other goods, services and activities that contribute to the delivery of high quality integrated workforce services that promote efficiency, non-duplication and holistic service approaches.
In-kind costs may not include:

- WIOA Required Partner services (WIOA Section 121(b)(1));
- Program income that is earned at the OSCC through a shared cost (i.e., room rental fees) must be distributed to all partner organizations (TAG Manual Part I);
- Passive attendance at training courses, meetings, seminars, etc. (i.e., attendance with no input, as a member of the audience or group); or
- Provision of publicly available, free of charge expertise, data, reports, software, curriculum or materials.
