Subject: Workforce Connections – Policy Revisions & Updates
Program Services & Activities
Work-Based Training (WBT)

Purpose

To announce publication and effective date of revisions/updates made to Workforce Connections' (WC) policy **ADW-030-05 – Work-Based Training**.

This TAG provides sub-recipients with a helpful tool to improve quality of service, effective management practices and ensure compliance with Federal, State and local regulations.

Background

WBT can be an effective training strategy that can provide additional opportunities for participants and employers in both finding high quality work and in developing a highly skilled workforce. Each of the work-based models can be effectively used by providers of WIOA Title I services to meet a variety of job seeker and employer needs.

Consistent with WIOA and its associated regulations codified under 20 CFR Part 680 WBT activities may be provided to an eligible employed individual when the employee is not earning a self-sufficient wage or wages comparable to or higher than wages from previous employment, as determined by the LWDB policy.

These guidelines are used for administrative purposes such as determining financial eligibility for WBT activities under WIOA Title I funded programs, i.e., eligibility of those employed individual to access OJTs, Customized Training and Incumbent Worker Training.
