Learning about careers
in the healthcare services industry

A note for parents and teachers ...

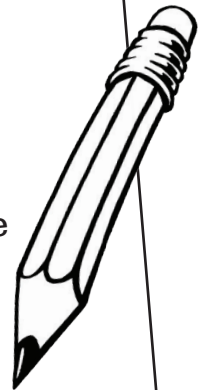

As adults, we know that a good job is essential to providing for our families. So, it's never too early for youth to start imagining their future.

With a constant increase in demand for healthcare services, the industry provides many career opportunities. These include skilled support staff, certified technicians, nurses and physicians. All of these are rewarding and well-paying careers.

Southern Nevada's Industry Sector Partnership for Healthcare Services collaborated on this activity book to highlight a few of the occupations that will be in-demand in Nevada over the next decade. With your permission youth can learn more about these and other good jobs at:

www.NVMyFuture.org

Workforce Connections is committed to community partnerships that help youth achieve the academic and vocational skills necessary to successfully enter the workforce and confidently compete in the global economy.
