Revised – January 2024	Revision No. 2 – Effective: 02/26/2026
Policy Approved By: Executive Director Policy Adopted on: July 2014	

Purpose

To provide further guidance applicable to Federally established requirements for the implementation and operation of programs funded in whole or in part under Title I of the Workforce Innovation and Opportunity Act (WIOA) Public Law (P.L.) 113-128 and any of its associated regulations.

Background

Administered at the Federal Level by the Employment and Training Administration (ETA) in the Department of Labor (DOL), WIOA is the largest single source of Federal funding for workforce development activities. WIOA presents an extraordinary opportunity for the workforce development system to accelerate its transformational efforts and demonstrate its ability to improve job and career options for our citizens through an integrated, job-driven, public workforce system that links diverse talent to our nation’s businesses. WIOA also supports the development of strong, vibrant regional economies where businesses thrive, and people want to live and work. WIOA and its associated regulations establish a governance and operations infrastructure and set performance and accountability standards to ensure compliance for all awarded funds.

Policy

All sub-recipients, including contractors and sub-contractors down to the lowest tier receiving WIOA Title I or any other funds, awarded in whole or in part by Workforce Connections must, at all times, administer and operate their programs in compliance with all applicable laws and their associated regulations governing the awarded funds. Programs, services, or activities provided or performed under any of the prohibited areas may constitute a violation of established requirements, by law, regulation, or policy, and shall be considered, after prudent assessment, a cause for the imposition of sanction(s), as appropriate or applicable.
